

810-5-75-.54 Application for Certificate of Title - Corrections on an Application for Certificate of Title by the Department. Reference: Sections 32-8-1 through 32-8-87, Code of Alabama 1975, as amended.

Authorized employees of the Department may make corrections in the vehicle information portion of an application when the information furnished in error is not an obvious attempt to defraud. No corrections will be made which will effect the validity of the application or jeopardize the prosecution of an applicant furnishing information with intent to defraud. All corrections must be proved necessary by supporting documents. No corrections will be made to the owner information or lienholder information portion of an application for certificate of title since this information must be provided by an applicant who would be subject to prosecution on a felony charge where false information is furnished in these areas.
