Subject: OneSpot - Notice of Payment Processing Change

As an ACH Credit Method taxpayer, you may be interested in hearing about a recent change to the My Alabama Taxes (MAT) Local Tax return payment for ONE SPOT:

Effective March 3, 2014, the ONE SPOT Debit Payment process has changed, having only two debits from your bank account per local tax return filed: one debit for all state administered and one debit for **all** non-state administered local tax payments.

Because ACH Credit Method payments are initiated outside of the MAT system, they are required to be sent separately to the correct payees. There are also a few cities/counties that do not accept ACH Credit and therefore are not available to be filed on the ONE SPOT local tax return.

We encourage you to take advantage of the ONE SPOT system's maximum of two debits per local tax return filed and reduce the number of ACH Credit payments you must make each month. You may change to the ACH Debit Method by calling the Alabama Department of Revenue EFT Unit at: 334-242-0192 (option 7).

Should you have questions regarding ONE SPOT or filing in My Alabama Taxes (MAT), please email ONESPOT@revenue.alabama.gov.
