State Revenue Commissioner Julie P. Magee Named Vice-Chair Multistate Tax Commission

Montgomery—The Alabama Department of Revenue announced today that the Multistate Tax Commission (MTC) has named Alabama Commissioner of Revenue Julie P. Magee to the post of vice-chair, effective Jan. 31, 2013.

Magee will assume her duties as vice-chair immediately and will be confirmed at the next meeting of the Executive Committee, according to MTC Chair Cory Fong, North Dakota Revenue Commissioner.

Magee, who was elected MTC treasurer in 2011, was named vice-chair by Chairman Fong, filling the vacancy created when Missouri Revenue Director Alana Barragan-Scott accepted a new appointment by Missouri Gov. Jay Nixon.

The Multistate Tax Commission is an intergovernmental state tax agency that works on behalf of states aiding in the administration of tax laws that apply to multistate and multinational enterprises. The commission, which was created by the Multistate Tax Compact in 1967, is charged with the following:

- Facilitating the proper determination of state and local tax liability of multistate taxpayers, including the equitable apportionment of tax bases and settlement of apportionment disputes;
- Promoting uniformity or compatibility in significant components of tax systems;
- Facilitating taxpayer convenience and compliance in the filing of tax returns and in other phases of tax administration;
- Avoiding duplicative taxation.

“I am very honored to serve as vice-chair,” said Magee. “Alabama’s participation in MTC activities has been extremely beneficial to our state over the years. MTC’s Joint Audit Program and the National Nexus Program have produced significant revenue collections for Alabama. In addition, the support

and legal briefs provided by the legal staff of the MTC have been of paramount importance to the successful defense of various tax cases involving multijurisdictional tax issues,” Magee added.

Alabama joined the MTC in 1994. Forty-seven states and the District of Columbia are currently members of the MTC.
