INSTRUCTIONS FOR THE PREPARATION OF
Alabama Department of Revenue
Alabama Business Privilege Tax
Initial Privilege Tax Return

Section 40-14A-29, Code of Alabama 1975, requires newly organized corporations, limited liability entities, and disregarded entities to file an initial business privilege tax return and to pay the business privilege tax reported on the return, within two and one-half months after organization.

Corporations, limited liability entities, and disregarded entities organized outside of Alabama, but qualifying with the Alabama Secretary of State to do business in Alabama, must file an initial business privilege tax return and pay the business privilege tax reported on the return, within two and one-half months after the date of qualification.

The initial return generally consists of a Form BPT-IN, Initial Privilege Tax Return. An Alabama Schedule AL-CAR, the corporate annual report, is not required for an initial return.

The preparation of the Form BPT-IN differs from an annual return, as follows:

1. Date of Qualification, Incorporation, or Organization. Line 2a of the Form BPT-IN should be the date of incorporation or organization for corporations, limited liability entities, and disregarded entities organized in Alabama. For corporations, limited liability entities, and disregarded entities organized outside the State of Alabama, line 2a should be the date the entities qualified with the Alabama Secretary of State to do business in Alabama or started doing business in Alabama, whichever occurred first.

2. Apportionment Factor. The apportionment factor used on the initial return is based solely on the ratio of property located in Alabama to total property owned by the taxpayer (which includes property located outside of Alabama). The apportionment factor is computed as of the date of organization, if organized in Alabama, or the date the entity qualified with the Alabama Secretary of State, if a foreign entity.

3. Possible Short Taxable Year Proration of Privilege Tax. If the initial return is for a short taxable year (the period of time between the date organized or qualified and the last day of the taxable year is less than one year), the business privilege tax is prorated over the short period. The business privilege tax for a short taxable year will never be less than $100.

Exclusions are allowed by Section 40-14A-23 (g), Code of Alabama 1975. Attach documentation supporting any exclusion claimed on the return.

Line 1. Enter the Total Net Worth from line 6, 10, or 16, Part A.

Line 2. Enter the total book value amount for the investment the taxpayer has in the equity of other taxpayers doing business in Alabama. Attach a listing providing for each separate investment, the name of the taxpayer, the taxpayer’s FEIN, the taxpayer’s address and the book value of the investment. This exclusion is not available for the book value of security (as defined in Internal Revenue Code Section 1236) held by a dealer in securities (as referred to in Internal Revenue Code Section 1236) primarily for sale to customers in the ordinary course of its trade or business.

Line 3. This exclusion is only available to financial institutions. Financial institutions should enter the total book value amount for the investment the financial institution taxpayer has in the equity of other entities not doing business in Alabama. The financial institution taxpayer must have an ownership percentage in the other entity of more than 50%. Section 40-14A-23(g), Code of Alabama 1975, provides addi-
tional information concerning the exclusion. Attach a listing providing for each separate investment, the name of the entity, the entity's FEIN, the entity’s address, and the book value of the investment. The return will not be considered complete without the listing.

Line 4. Enter the amount reported on the taxpayer’s balance sheet for the unamortized portion of goodwill and core deposit intangibles that resulted from a direct purchase of another corporation or limited liability entity. For goodwill, attach a listing showing for each direct purchase the goodwill originally acquired, the date the direct purchase occurred, accumulated amortization, the name and location of the business acquired, and the name and FEIN of the entity that acquired the business and goodwill.

Line 5. Enter the amount reported on the taxpayer’s balance sheet for the unamortized portion of post-retirement benefits, which the taxpayer elected to amortize under Financial Accounting Standards Board (FASB) Statement Number 106, Employers’ Accounting for Postretirement Benefits Other Than Pensions. The statement was issued in December 1990, and focuses principally on postretirement health care benefits.

Line 6. This exclusion is only available to financial institutions. Financial institutions should enter the total amount that the net worth (computed in accordance with lines 1 through 5, above) exceeds 6% of the total assets of the financial institution taxpayer. Attach a computation of the amount claimed as this exclusion.

Line 7 – Total Exclusions. Enter the total of lines 2 through 6.

Net Worth Apportionment

Line 8 – Net Worth Subject to Apportionment. Enter the difference in line 1 (Total Net Worth) and line 7 (Total Exclusions).

Line 9 – Alabama Property Factor as of the date of organization, incorporation, or qualification. Initial Alabama business privilege tax returns require an apportionment factor. The computation of the apportionment factor for an initial return is to be performed as of the opening of business of the first day the taxpayer is incorporated, formed, organized (if a domestic entity) or registered with the Alabama Secretary of State to do business in Alabama (if a foreign entity). Since usually at that point, a business has no sales or payroll information, the ratio of Alabama property to total property should be used as the apportionment factor for initial returns. Section 40-14A-24(a), Code of Alabama 1975, establishes the net worth apportionment requirements for the Alabama business privilege tax.

Line 10 – Total Alabama Net Worth. Multiply line 8 (Net Worth Subject to Apportionment) by line 9 (Apportionment Factor).

Deductions

Deductions are allowed by Section 40-14A-24(b), Code of Alabama 1975. Attach documentation supporting any deduction claimed on the return.

Line 11. Enter the net amount invested in bonds and securities issued by the State of Alabama, or its political subdivisions, prior to January 1, 2000. “Net amount invested” means the cash, including any premium and net of any discount, paid as the purchase price for the bond or other security, less the amount of any premium amortized and plus the amount of any discount accreted, reduced by the proportionate amount of principal on the bond or other security that is amortized or otherwise paid or retired. The taxpayer must attach a schedule listing the details of the deduction. For each bond or security, the listing should provide the net amount invested, the issuing agency, issuance date, and how the investment is reported on the taxpayer’s balance sheet. This deduction is not available to dealers in securities (those subject to the requirements of Internal Revenue Code Section 1236) for the book value of bonds and securities held by the dealer primarily for sale to customers in the ordinary course of its trade or business.

Line 12. Enter the net amount invested in, or book value from the taxpayer’s balance sheet, for all devices, facilities, or structures, and all identifiable components or materials for use therein, that are located in Alabama and are acquired or constructed primarily for the control, reduction, or elimination of air, ground, or water pollution or radiological hazards where such pollution or radiological hazards result from or would be caused by the taxpayer’s activities in Alabama.

Line 13. Enter the amount reported on the taxpayer’s balance sheet for the balance of any reserve, account, or trust reasonably determined to satisfy any liability that is imposed by federal, state, or local government laws or regulations for reclamation, storage, disposal, decontamination, retirement, or other related costs associated with a plant, facility, mine, or site in Alabama. Attach documentation identifying the applicable law or regulation that establishes taxpayer’s liability, as well as a computation of the liability. The documentation must also identify the location of the plant, facility, mine or site in Alabama.

Line 14. Enter the total amount reported on the taxpayer’s balance sheet as the book value of the taxpayer’s investment in low-income, residential real estate projects that qualify for federal or state income tax credits, loans or grants. See Section 40-14A-24(b)(7) Code of Alabama 1975. The taxpayer must attach a listing showing the details of the deduction. For each separate low-income housing project, the attached documentation must identify the name of the project, the FEIN of the project, the site of the project, and the net amount invested in the project. The documentation must also identify how the investments are reported on the taxpayer’s balance sheet. If this deduction is taken, the return will not be considered complete without the listing.

Line 15. S-corporations, LLEs and disregarded entities enter 30% of the Alabama taxable income for the determination period. This deduction is allowed by Section 40-14A-24(b)(8) and (9), Code of Alabama 1975. Taxable income is to include income passed through to the shareholders and members. Taxable income for an S-corporation, other than a qualified subchapter S subsidiary, is the amount taken into account by its owners pursuant to Internal Revenue Code Section 1366. Taxable income for an LLE is the amount taken into account by its owners pursuant to Internal Revenue Code Section 702. Taxable income for a disregarded entity is the amount taken into account by the owner pursuant to Internal Revenue Code Section 61 or 1361. Taxable income for an LLE is to be apportioned and allocated to Alabama in accordance with Alabama income tax law (Title 40, Chapter 18, Code of Alabama 1975) or Alabama financial institutions excise tax law (Title 40, Chapter 16, Code of Alabama 1975).

Line 16 – Total Deductions. Enter the total of lines 11 through 15.

Line 17 – Taxable Alabama Net Worth. Enter the difference between line 10 (Total Alabama Net Worth) and line 16 (Total Deductions).

Line 18a – Federal Taxable Income. Enter the federal taxable income for the determination period.

C-corporations are to use their federal taxable income before net operating losses and special deductions for the federal taxable income columns of the tax rate table, shown below. The federal taxable income shall be apportioned in accordance with Chapter 27, Title 40, Code of Alabama 1975. The deduction for federal income tax is not allowed in computing the federal taxable income amount. C-corporations filing as members of an Alabama affiliated group must determine federal taxable income on a separate company basis.

Federal Taxable Income for S-Corporations. The federal taxable income to be used by S-corporations to determine the tax rate for the Alabama business privilege tax shall be the federal ordinary income or (loss) from trade or business activities plus any items of income or applicable deductions passed through to the shareholders that were determined pursuant to Internal Revenue Code Section 1366. The income shall be apportioned in accordance with Chapter 27, Title 40 Code of Alabama 1975, and the accompanying rules. Deductions shall not be allowed for the federal income tax or any federal or Alabama net operating loss in computing the federal taxable income for purposes of determining the business privilege tax rate.

Federal Taxable Income for LLEs. The federal taxable income to be used by LLEs to determine the tax rate for the Alabama business privilege tax shall be the federal ordinary income or (loss) from trade or business activities adjusted by any items of income or expenses passed through to the members or partners that were determined pursuant to Internal Revenue Code Section 702. The income shall be apportioned in accordance with Chapter 27, Title 40, Code of Alabama 1975, and the accompanying rules.

Federal Taxable Income for Disregarded Entities. Line 18b – Tax Rate ........................................... .00025
Line 19 – Gross Privilege Tax Calculated ..................... $ 250

Line 20 – Ratio of Days Remaining in the Calendar Year Divided by 365. Enter the ratio of the number of days remaining in the calendar year or, if different, the number of days remaining in the taxpayer’s taxable year, to 365. This ratio will allow the business privilege tax to be prorated to the short taxable year.

Line 21 – Privilege Tax Due. Multiply line 19 (Gross Tax Due) by line 20 (Ratio of Days Remaining in Taxable Year), but not less than $100, the minimum amount of the tax.

This amount is also entered on page 1 of Form BPT-IN on line 14 (Privilege Tax Due).
