Preparation Instructions

Form CPT is to be filed by only C-corporations and certain other taxpayers, as specified on the form (see the top of page 1).

IMPORTANT NOTICE REGARDING FORM PSE (BUSINESS PRIVILEGE TAX EXTENSION REQUEST)

Effective with taxable years beginning on or after January 1, 2009, the filing of a Form PSE will no longer be required in order to obtain an extension to file the business privilege tax return. According to Rule 810-2-8-.06 any taxpayer required to file a business privilege tax return will be granted an automatic six month extension of time for filing the return. While an automatic extension is in place for the filing of the annual business privilege tax return, payment of the total tax due (including any corporate annual report fees) must be received on or before the original due date of the return. Payments made for a taxable year in which the automatic extension provision is utilized are referred to in these instructions and on the Form BPT-V as automatic extension payments. Form BPT-V must accompany all business privilege tax payments, unless payments are made electronically. Please see Rule 810-2-8-.06 on the Department’s Website (www.revenue.alabama.gov) for more information regarding the extension of time for filing of business privilege tax returns.

Determination Period Used to Compute the Business Privilege Tax

Taxable Year Information: Enter the beginning and ending date of the determination period. The determination period is defined in Section 40-14A-1, Code of Alabama 1975, as the taxpayer’s taxable year next preceding the taxpayer’s current taxable year. (Generally, it is the taxable year that just ended.)

Please note Tax Year 2004 and prior year forms referred to the Determination Period as the “Balance Sheet Year.” The net worth computations required to compute the Alabama business privilege tax for a business privilege taxable year are performed on information extracted from the balance sheet prepared as of the last day of the determination period. (Generally, the last day of the determination period is the last day of the taxable year that just ended, and is the date of the balance sheet prepared that coincides with the taxable year that just ended.)

Line 1a – Calendar Year Indicator. Check this box if the taxpayer has a December 31st tax year end. Then enter the determination period begin date in the spaces provided.

Line 1b – Fiscal Year Indicator. Check this box if the taxpayer has a tax year end date other than a calendar year end. Then enter the determination period begin date and end date in the spaces provided.

Short Year – The taxpayer should file a short year return only if there is a change in the tax year end (For example, the taxpayer converts from a calendar year end to a fiscal year end). Do NOT file a short year return as a result of an acquisition or merger. The entity will use the calendar year or fiscal year checkbox and complete the spaces provided for short year returns. Check the calendar year indicator if the entity’s determination period end date is 12/31/2012 and enter the beginning date in the spaces provided. Check the fiscal year indicator if the entity’s determination period end date occurs in 2013 and enter the beginning and ending dates in the spaces provided.

EXAMPLES FOR ENTITIES CHANGING THEIR DETERMINATION PERIOD END DATE

COMPANY A changes from a calendar year end (12/31/2012) to a fiscal year end (e.g. 03/31/2013). Company A should file the 2013 Business Privilege
Tax Return and report the determination period begin date as 01/01/2013 and end date as 03/31/2013.

COMPANY B changes from a fiscal year end (e.g. 06/30/2012) to a calendar year end (12/31/2012). Company B should file the 2013 Business Privilege Tax Return and report the determination period begin date as 07/01/2012 and end date as 12/31/2012.

Line 1. Enter the Total Net Worth from line 5, Part A.

Line 2. Enter the total book value amount for the investment the taxpayer has in the equity of other taxpayers. Attach a listing providing for each separate investment, the name of the taxpayer, the taxpayer’s FEIN, the taxpayer’s address and the book value of the investment. This exclusion is not available for the book value of security (as defined in Internal Revenue Code Section 1236) held by a dealer in securities (as referred to in Internal Revenue Code Section 1236) primarily for sale to customers in the ordinary course of its trade or business.

Line 3. This exclusion is only available to financial institutions. Financial institutions should enter the total book value amount of the investments in other corporations or LLE’s. The supporting documentation should include a description of benefits, amortization schedule, and the line detail of the post-retirement benefits on the balance sheet.

Line 6. This exclusion is only available to financial institutions. Financial institutions should enter the total amount that the net worth (computed in accordance with lines 1 through 5, above) exceeds 6% of the total assets of the financial institution taxpayer. Attach a computation of the amount claimed as this exclusion.

Line 7 – Total Exclusions. Enter the total of lines 2 through 6.

Net Worth Apportionment

Line 8 – Net Worth Subject to Apportionment. Enter the difference in line 1 (Total Net Worth) and line 7 (Total Exclusions).

Line 9 – Apportionment Factor. Section 40-14A-24(a), Code of Alabama 1975, establishes the net worth apportionment requirements for the Alabama business privilege tax. Taxpayers that conducted all of their business in Alabama during the determination period should enter 100%. No supporting documentation is required of taxpayers reporting an apportionment factor of 100%.

Taxpayers that conducted business both within and without Alabama (multi-
state taxpayers) during the determination period should generally not enter 100%. Multistate taxpayers must enter the same factor as was used by the taxpayer during the determination period for purposes of apportioning the taxpayer’s income in accordance with Alabama’s income tax law (Chapter 18, Title 40, Code of Alabama 1975), or Alabama’s financial institutions excise tax law (Chapter 16, Title 40, Code of Alabama 1975). Attach a copy of the computation of the apportionment factor from the applicable Alabama tax return for the determination period.

The apportionment factor to be used by insurance companies, subject to Alabama’s insurance premiums tax law (Chapter 4A, Title 27, Code of Alabama 1975) shall be the ratio of the insurer’s Alabama premium income to its nationwide total direct premiums as reflected on schedule T of the insurer’s annual statement filed with the Commissioner of Insurance for the immediately preceding calendar year. A copy of the Schedule T as filed with the Insurance Department must be attached.

Taxpayers required to file an Alabama business privilege tax return, but were not required to file a tax return in accordance with Alabama’s income tax law or financial institutions excise tax law, and were not subject to Alabama’s insurance premiums tax law, must compute the apportionment factor as if the taxpayer were subject to Alabama’s income tax law. Taxpayers computing the apportionment factor in this manner must attach a computation of the apportionment factor.

**Line 10 – Total Alabama Net Worth.** Multiply line 8 (Net Worth Subject to Apportionment) by line 9 (Apportionment Factor).

### Deductions

Deductions are allowed by Section 40-14A-24(b), Code of Alabama 1975. Attach documentation supporting any deduction claimed on the return.

**Line 11.** Enter the net amount invested in bonds and securities issued by the State of Alabama, or its political subdivisions, prior to January 1, 2000.

“Net amount invested” means the cash, including any premium and net of any discount, paid as the purchase price for the bond or other security, less the amount of any premium amortized and plus the amount of any discount accreted, reduced by the proportionate amount of principal on the bond or other security that is amortized or otherwise paid or retired.

The taxpayer must attach a schedule listing the details of the deduction. For each bond or security, the listing should provide the net amount invested, the issuing agency, issuance date, and how the investment is reported on the taxpayer’s balance sheet.

This deduction is not available to dealers in securities (those subject to the requirements of Internal Revenue Code Section 1236) for the book value of bonds and securities held by the dealer primarily for sale to customers in the ordinary course of its trade or business.

**Line 12.** Enter the net amount invested in, or book value from the taxpayer’s balance sheet, for all devices, facilities, or structures, and all identifiable components or materials for use therein, that are located in Alabama and are acquired or constructed primarily for the control, reduction, or elimination of air, ground, or water pollution or radiological hazards where such pollution or radiological hazards result from or would be caused by the taxpayer’s activities in Alabama.

**Line 13.** Enter the amount reported on the taxpayer’s balance sheet for the balance of any reserve, account, or trust reasonably determined to satisfy any liability that is imposed by federal, state, or local government laws or regulations for reclamation, storage, disposal, decontamination, retirement, or other related costs associated with a plant, facility, mine, or site in Alabama. Attach documentation identifying the applicable law or regulation that establishes the taxpayer’s liability, as well as a computation of the liability. The documentation must also identify the location of the plant, facility, mine or site in Alabama.

**Line 14.** Enter the total amount reported on the taxpayer’s balance sheet as the book value of the taxpayer’s investment in low-income, residential real estate projects that qualify for federal or state income tax credits, loans or grants. The taxpayer must attach a schedule listing the details of the deduction.

For each separate low-income housing project, the attached documentation must identify the name of the project, the FEIN of the project, the site of the project, and the net amount invested in the project. The documentation must also identify how the investments are reported on the taxpayer’s balance sheet.

**Line 15 – Total Deductions.** Enter the total of lines 11 through 14.

### Part B – Computation of Privilege Tax Due:

**Line 16 – Taxable Alabama Net Worth.** Enter the difference between line 10 (Total Alabama Net Worth) and Line 15 (Total Deductions).

**Line 17a – Federal Taxable Income Apportioned to Alabama.** Enter the federal taxable income used to determine the Tax Rate (see line 17b) which is applied to the Taxable Alabama Net Worth (see line 16) to arrive at the Gross Privilege Tax Calculated (see line 18). The tax rate used to compute the business privilege tax is based upon the taxpayer’s federal taxable income, as required by Section 40-14A-22, Code of Alabama 1975.

Federal Taxable Income for C-corporations, Real Estate Investment Trusts, and Financial Institutions. C-corporations, REITs, and Financial Institutions are to use their federal taxable income before net operating losses and special deductions for the federal taxable income columns of the tax rate table, shown below. The federal taxable income shall be apportioned in accordance with Chapter 27, Title 40, Code of Alabama 1975. The deduction for federal income tax is not allowed in computing the federal taxable income amount. C-corporations filing as members of an Alabama affiliated group must determine federal taxable income on a separate company basis.

**Federal Taxable Income for Insurance Companies.** For U.S. Life Insurance Company filing Internal Revenue Service Form 1120-L, federal taxable income shall be total taxable income less the dividends received deduction and the net operating loss deduction. For U.S. Property and Casualty Insurance Companies filing Internal Revenue Service Form 1120-PC, federal taxable income shall be taxable income less the dividend received deduction and the net operating loss deduction. This income shall be apportioned in accordance with Title 27, Code of Alabama 1975, relating to insurance companies.

**Line 17b – Tax Rate.**

The tax rate is specified in Section 40-14A-22(b), Code of Alabama 1975, and is determined using the following table:

<table>
<thead>
<tr>
<th>More Than or Equal to</th>
</tr>
</thead>
<tbody>
<tr>
<td>$</td>
</tr>
<tr>
<td>But Less Than</td>
</tr>
<tr>
<td>$</td>
</tr>
<tr>
<td>Tax Rate</td>
</tr>
<tr>
<td>Amount of tax per $1,000 of Taxable Alabama Net Worth</td>
</tr>
<tr>
<td>$500,000 – $2,500,000</td>
</tr>
<tr>
<td>$2,500,000 – —</td>
</tr>
</tbody>
</table>

**Line 18 – Gross Privilege Tax Calculated.**

Multiply line 16 (Taxable Alabama Net Worth) by line 17b (Tax Rate).

**Example:**

- Line 16 – Taxable Alabama Net Worth: $1,000,000
- Line 17a – Federal Taxable Income Apportioned and Allocated to Alabama: $250,000
- Line 17b – Tax Rate: .00125
- Line 18 – Gross Privilege Tax Calculated: $1,250

### Special Calculation for Short Taxable Years:

If the taxable year is a short taxable year, the gross privilege tax calculated will be prorated using a fraction, the numerator of which is the number of calendar days in the short taxable year, the denominator of which will be 365. The computation of prorated business privilege tax must be attached to the return. Please note the taxpayer should file a short year return only if there is a change in the tax year end (For example, the taxpayer converts from a calendar year end to a fiscal year end).
Example Assuming Facts from Above Example and a Short Year of 180 days:
Taxable Alabama Net Worth
Multiplied by Tax Rate Equals $1,250
Multiplied by 180/365 Short year factor
Line 18 – Gross Privilege Tax Calculated $616

Please note: A determination period that is less than a full year does not constitute a short year return. If a taxpayer has a change in tax year, as in changing from a fiscal tax year to a calendar tax year or vice versa, the return for the new tax year is not the short year return.

Example: Corporation A previously had a tax year ending June 30 but has changed to a calendar tax year effective January 1, 2013. The corporation previously filed the 2012 Business Privilege Tax return based on the determination period ending June 30, 2012. The 2013 return would have as its determination period July 1, 2012 –December 31, 2012. The 2013 return pays the tax for the full 2013 tax year; therefore it would not be a short year return. The 2012 tax year was a short tax year. The 2012 return would need to be amended, with the tax due prorated.

Line 19 – Alabama Enterprise Zone Credit. Enter the amount of the Alabama Enterprise Zone Credit to which the taxpayer is entitled. Attach supporting documentation from the Alabama Department of Economic and Community Affairs (ADECA) showing the amount of the Alabama Enterprise Zone Credit the taxpayer is entitled to claim. Contact ADECA for additional information concerning the Alabama Enterprise Zone Credit.

Line 20 – Privilege Tax Due. Enter the difference between line 18 and 19, but not less than $100, the minimum amount of the tax. This amount is also entered on page 1 of Form CPT on line 9, in the Computation of Amount Due or Refund Due area of the page. For Consolidated Financial Institution Group Members, enter the total from the attached spreadsheet. Please see Schedule G instructions for further explanation.

Maximum Privilege Tax:

Financial Institution Groups have a $3,000,000 maximum levy for the Alabama Business Privilege Tax. See Section 40-14A-22, Code of Alabama 1975.

Insurance companies subject to the insurance premium taxes levied by Chapter 4A Title 27, Code of Alabama 1975, have a $3,000,000 maximum levy for the Alabama Business Privilege Tax. See Section 40-14A-22, Code of Alabama 1975.

C-corporations and LLEs taxed as corporations have a $15,000 maximum levy for the Alabama Business Privilege Tax. See Section 40-14A-22, Code of Alabama 1975.

Form PPT is to be filed by Pass-through Entities only.

IMPORTANT NOTICE REGARDING FORM PSE (BUSINESS PRIVILEGE TAX EXTENSION REQUEST)

Effective with taxable years beginning on or after January 1, 2009, the filing of a Form PSE will no longer be required in order to obtain an extension to file the business privilege tax return. According to Rule 810-2-8-.06 any taxpayer required to file a business privilege tax return will be granted an automatic six month extension of time for filing the return. While an automatic extension is in place for the filing of the annual business privilege tax return, payment of the total tax due (including any corporate annual report fees) must be received on or before the original due date of the return. Payments made for a taxable year in which the automatic extension provision is utilized are referred to in these instructions and on the Form BPT-V as automatic extension payments. Form BPT-V must accompany all business privilege tax payments, unless payments are made electronically. Please see Rule 810-2-8-.06 on the Department’s Web site (www.revenue.alabama.gov) for more information regarding the extension of time for filing of business privilege tax returns.

Determination Period Used to Compute the Business Privilege Tax

Taxable Year Information: Enter the beginning and ending date of the determination period. The determination period is defined in Section 40-14A-1, Code of Alabama 1975, as the taxpayer’s taxable year next preceding the taxpayer’s current taxable year (Generally, it is the taxable year that just ended).

Please note prior year forms (TY2004 and prior) referred to the Determination Period as the “Balance Sheet Year.” The net worth computations required to compute the Alabama business privilege tax for a business privilege taxable year are performed on information extracted from the balance sheet prepared as of the last day of the determination period (Generally, the last day of the determination period is the last day of the taxable year that just ended, and is the date of the balance sheet prepared that coincides with the taxable year that just ended).

Line 1a – Calendar Year Indicator. Check this box if the taxpayer has a December 31st tax year end. Then enter the determination period begin date and end date in the spaces provided.

Line 1b – Fiscal Year Indicator. Check this box if the taxpayer has a tax year end date other than a calendar year end. Then enter the determination period begin date and end date in the spaces provided.

Short Year – The taxpayer should file a short year return only if there is a change in the tax year end (For example, the taxpayer converts from a calendar year end to a fiscal year end). Do NOT file a short year return as a result of an acquisition or merger. The entity will use the calendar year or fiscal year check-box and complete the spaces provided for short year returns. Check the calendar year indicator if the entity’s determination period end date is 12/31/2012 and enter the beginning date in the spaces provided. Check the fiscal year indicator if the entity’s determination period end date occurs in 2013 and enter the beginning and ending dates in the spaces provided.

The federal taxable income to be used by Disregarded Entities to determine the tax rate for the Alabama business privilege tax shall be the federal ordinary income or (loss) from trade or business activities adjusted by any items of income or expenses, determined pursuant to Internal Revenue Code Section 1361 or Internal Revenue Code Section 61. This income shall be apportioned in accordance with Chapter 27, Title 40, Code of Alabama 1975, and the accompanying rules.

Line 16b – Tax Rate. Enter on line 16b the taxpayer’s business privilege tax rate. The tax rate is specified in Section 40-14A-22, Code of Alabama 1975, and is determined using the following table:

<table>
<thead>
<tr>
<th>Federal Taxable Income Apportioned and Allocated to Alabama</th>
<th>More Than or Equal to</th>
<th>But Less Than</th>
<th>Tax Rate</th>
<th>Amount of tax per $1,000 of Taxable Alabama Net Worth</th>

Line 17 – Gross Privilege Tax Calculated. Multiply the amount on line 15 (Taxable Alabama Net Worth) by the rate on line 16b (Tax Rate).

Example:

Line 15 – Taxable Alabama Net Worth: $1,000,000
Line 16a – Federal Taxable Income Apportioned and Allocated to Alabama: $250,000
Line 16b – Tax Rate: .00125
Line 17 – Gross Privilege Tax Calculated: $ 1,250

Special Calculation for Short Taxable Years: If the taxable year is a short taxable year, the gross privilege tax calculated will be prorated using a fraction, the numerator of which is the number of calendar days in the short taxable year, the denominator of which will be 365. The computation of prorated business privilege tax must be attached to the return. Please note the taxpayer should file a short year return only if there is a change in the tax year end (For example, the taxpayer converts from a calendar year end to a fiscal year end).
Example Assuming Facts from Above Example and a Short Year of 180 days:

Taxable Alabama Net Worth
Multiplied by Tax Rate Equals $1,250
Multiplied by 180/365 Short year factor
Line 17 – Gross Privilege Tax Calculated $616

Please note: A determination period that is less than a full year does not constitute a short year return. If a taxpayer has a change in tax year, as in changing from a fiscal tax year to a calendar tax year or vice versa, the return for the new tax year is not the short year return.

Example: Corporation A previously had a tax year ending June 30 but has changed to a calendar tax year effective January 1, 2013. The corporation previously filed the 2012 Business Privilege Tax return based on the determination period ending June 30, 2012. The 2013 return would have as its determination period July 1, 2012 – December 31, 2012. The 2013 return pays the tax for the full 2013 tax year; therefore it would not be a short year return. The 2012 tax year was a short tax year. The 2012 return would need to be amended, with the tax due prorated.
