

INSTRUCTIONS FOR THE PREPARATION OF
ALABAMA DEPARTMENT OF REVENUE
Alabama Business Privilege Tax
Initial Business Privilege Tax Return

2017

DO NOT FILE FORM BPT-IN AS AN ANNUAL RETURN

Section 40-14A-29, *Code of Alabama 1975*, requires newly organized corporations, limited liability entities, and disregarded entities to file an initial Business Privilege Tax Return and to pay the business privilege tax reported on the return within two and one-half months after qualification.

Corporations, limited liability entities, and disregarded entities organized outside of Alabama, but qualifying with the Alabama Secretary of State to do business in Alabama, must file an Initial Business Privilege Tax Return and pay the business privilege tax reported on the return within two and one-half months after the date of qualification.

Form BPT-IN, Initial Business Privilege Tax Return, is used to file an initial return. Filing Form BPT-IN as an annual Business Privilege Tax Return could result in a failure to timely file penalty. An Alabama Schedule AL-CAR, the corporate annual report, is not required for an initial return.

The preparation of the Form BPT-IN differs from an annual return, as follows:

1. Date of Qualification, Incorporation, or Organization – Line 2a of the Form BPT-IN should be the date of incorporation or organization for corporations, limited liability entities, and disregarded entities organized in Alabama. For corporations, limited liability entities, and disregarded entities organized outside the State of Alabama, line 2a should be the date the entity qualified with the Alabama Secretary of State to do business in Alabama or started doing business in Alabama, whichever occurred first.

2. Apportionment Factor – The apportionment factor used on the initial return is based solely on the ratio of property located in Alabama to total property owned by the taxpayer (which includes property located outside of Alabama). The apportionment factor is computed as of the date of organization, if organized in Alabama, or the date the entity qualified with the Alabama Secretary of State, if a foreign entity.

3. Possible Short Taxable Year Proration of Privilege Tax – If the initial return is for a short taxable year (the period of time between the date organized or qualified and the last day of the taxable year is less than one year), the business privilege tax is prorated over the short period. The business privilege tax for a short taxable year will never be less than \$100.

Attach a listing providing for each separate investment, the name of the taxpayer, the taxpayer's FEIN, the taxpayer's address and the book value of the investment. This exclusion is not available for the book value of securities (as defined in Internal Revenue Code Section 1236) primarily for sale to customers in the ordinary course of its trade or business.

Line 3. This Exclusion is Only Available to Financial Institutions – Financial Institutions should enter the total book value amount for the investment the Financial Institution taxpayer has in the equity of other entities not doing business in Alabama. The Financial Institution taxpayer must have an ownership percentage in the other entity of more than 50%. Section 40-14A-23(g), *Code of Alabama 1975*, provides additional information concerning the exclusion. The return will not be considered complete without the listing.

Line 4. For goodwill, attach a listing showing for each direct purchase of the goodwill originally acquired, the date the direct purchase occurred, accumulated amortization, the name and location of the business acquired, and the name and FEIN of the entity that acquired the business and goodwill.

Line 5. The computation of the apportionment factor for an initial return is to be performed as of the opening of business or the first day the taxpayer is incorporated, formed, organized (if a domestic entity) or registered with the Alabama Secretary of State to do business in Alabama (if a foreign entity). Since usually at that point, a business has no sales or payroll information, the ratio of Alabama property to total property should be used as

the apportionment factor for initial returns. Section 40-14A-24(a), **Code of Alabama 1975**, establishes the net worth apportionment requirements for the Alabama business privilege tax.

Line 10. Total Alabama Net Worth – Multiply line 8 (Net Worth Subject to Apportionment) by line 9 (Apportionment Factor).

Line 11. Enter the net amount invested in bonds and securities issued by the State of Alabama, or its political subdivisions, prior to January 1, 2000. "Net amount invested" means the cash, including any premium and net of any discount, paid as the purchase price for the bond or other security, less the amount of any premium amortized and plus the amount of any discount accreted, reduced by the proportionate amount of principal on the bond or other security that is amortized or otherwise paid or retired. The taxpayer must attach a schedule listing the details of the deduction. For each bond or security, the listing should provide the net amount invested, the issuing agency, issuance date, and how the investment is reported on the taxpayer's balance sheet. This deduction is not available to dealers in securities (those subject to the requirements of Internal Revenue Code Section 1236) for the book value of bonds and securities held by the dealer primarily for sale to customers in the ordinary course of its trade or business.

Line 12. Enter the net amount invested in, or book value from the taxpayer's balance sheet, for all devices, facilities, or structures, and all identifiable components or materials for use therein, that are located in Alabama and are acquired or constructed primarily for the control, reduction, or elimination of air, ground, or water pollution or radiological hazards where such pollution or radiological hazards result from or would be caused by the taxpayer's activities in Alabama.

Line 13. Enter the amount reported on the taxpayer's balance sheet for the balance of any reserve, account, or trust reasonably determined to satisfy any liability that is imposed by federal, state, or local government laws or regulations for reclamation, storage, disposal, decontamination, retirement, or other related costs associated with a plant, facility, mine, or site in Alabama. Attach documentation identifying the applicable law or regulation that establishes taxpayer's liability, as well as a computation of the liability. The documentation must also identify the location of the plant, facility, mine or site in Alabama.

Line 14. Enter the total gross amount reported on the taxpayer's balance sheet as the book value of the taxpayer's investment in low-income, residential real estate projects that qualify for federal or state income tax credits, loans or grants. See Section 40-14A-24(b)(7) **Code of Alabama 1975**. The taxpayer must attach a listing showing the details of the deduction. For each separate low-income housing project, the attached documentation must identify the name of the project, the FEIN of the project, the site of the project, and the net amount invested in the project. Line 16. Taxable Alabama Net Worth – Enter the difference between line 10 (Total Alabama Net Worth) and Line 15 (Total Deductions).

Line 17. Tax Rate – The number on line 17 should be .00025.

Line 17. – Tax Rate00025
Line 18. – Gross Privilege Tax Calculated	\$ 250

Line 19. Ratio of Days Remaining in the Tax Year Divided by 365 – Enter the ratio of the number of days remaining in the calendar year or, if different, the number of days remaining in the taxpayer's taxable year, divided by 365. This ratio will allow the business privilege tax to be prorated to the short taxable year.

Line 20. Privilege Tax Due. Multiply line 18 (Gross Tax Due) by line 19 (Ratio of Days Remaining in Taxable Year), but not less than \$100, the minimum amount of the tax.
