SALES & USE TAX RATES

SECTION 1: Sales Tax - Levy.

There is hereby levied, in addition to all other taxes of every kind now imposed by law, and there shall be collected as herein provided, a privilege or license tax against the person on account of the business activities and in the amount to be determined by the application of rates against gross sales, or gross receipts, as the case may be, as follows:

(a) Upon every person, firm or corporation (including the State of Alabama, the University of Alabama, Auburn University and all other institutions of higher learning in the state, whether such institutions be denominational, state, county or municipal institutions, and any association or other agency or instrumentality of such institutions) engaged or continuing within the city in the business of selling at retail any tangible personal property whatsoever, including merchandise and commodities of every kind and character (not including, however, bonds or other evidences or debts or stocks, nor sale or sales of material and supplies to any person for use in fulfilling a contract for the painting, repairing or reconditioning of vessels, barges, ships and other watercraft of over fifty (50) tons burden), an amount equal to **five percent (5%)** of the gross proceeds of sales of the business except where a different amount is expressly provided herein. Provided, however, that any person engaging or continuing in business as a retailer and wholesaler or jobber shall pay the tax required on the gross proceeds of retail sales of such business at the rates specified, when his books are kept so as to show separately the gross proceeds of sales of each business, and when his books are not so kept he shall pay the tax as a retailer on the gross sales of the business.

(1) This Ordinance, which amends Ordinance 13-05-07-664, establishes an increase in the sales tax levied by the city from 4% to 5% of gross proceeds of sales. The revenue collected by the city via this additional 1% tax on gross proceeds of sales is to be allocated and earmarked exclusively for expenditure on education of students of the public schools serving the city.

(2) On September 30, 2025, at the end of the day, this additional 1% tax on gross proceeds of sales as stated in Section 1(a)(1) above shall cease; thus, effective October 1, 2025, the sales tax levied by the city herein shall revert back to 4% of the gross proceeds of sales.

(b) Upon every person, firm or corporation engaged or continuing within the city in the business of conducting or operating places of amusement or entertainment, billiard and pool rooms, bowling alleys, amusement devices, musical devices, theaters, opera houses, moving picture shows, vaudeville, amusement parks, athletic contests, including wrestling matches, prize fights, boxing and wrestling exhibitions, football and baseball games (including athletic contests conducted by or under the auspices of any educational institution within the city, or any athletic association thereof, or other association whether such institution or association be a denominational, state or county or a municipal institution or association or a state, county or city school, or other institution, association or school), skating rinks, race tracks, golf courses or any other place at which any exhibition, display, amusement or entertainment is offered to the public or place or places where an admission fee is charged, including public bathing places, public dance halls or every kind and description within the city, an amount equal to **five percent (5%)** of the gross receipts of any such business.

(1) This Ordinance, which amends Ordinance 13-05-07-664, establishes an increase in the sales tax levied by the city from 4% to 5% of gross receipts of any such business. The revenue collected by the city via this additional 1% tax on gross receipts is to be allocated and earmarked exclusively for expenditure on education of students of the public schools serving the city.

(c) Upon every person, firm or corporation engaged or continuing within the city in the business of selling at retail machines used in mining, quarrying, compounding, processing and manufacturing of tangible personal property, an amount equal to **two percent (2%)** of the gross proceeds of the sale of such machines; provided, that the term "machines," as herein used, shall include machinery which is used for mining, quarrying, compounding, processing or manufacturing tangible personal property, and the parts of such machines, attachments and replacements therefor, which are made or manufactured for use on or in the operation of such machines and which are necessary to the operation of such machines and are customarily so used.

(d) Upon every person, firm or corporation engaged or continuing within the city in the business of selling at retail any automotive vehicle or truck trailer, semitrailer or house trailer, an amount equal to **one percent (1%)** of the gross proceeds of sale of said automotive vehicle or truck trailer, semitrailer or house trailer, provided where a person subject to the tax provided for in this subsection withdraws from his stock in trade any automotive vehicle or truck trailer, semitrailer or house trailer for use by him or by his employee or agent in the operation of such business, there shall be paid, in lieu of the tax levied herein, a fee of two dollars fifty cents (\$2.50) per year or part thereof during which such automotive vehicle, truck trailer, semitrailer or house trailer shall remain the property of such person. Each such year or part thereof shall begin with the day or anniversary date, as the case may be, of such withdrawal and shall run for the twelve (12) succeeding months or part thereof during which such automotive vehicle, truck trailer, semitrailer or house trailer shall remain the property of such person.

Where any used automotive vehicle or truck trailer, semitrailer or house trailer is taken in trade or in a series of trades, as a credit or part payment on the sale of a new or used vehicle, the tax levied herein shall be paid on the net difference; that is, the price of the new or used vehicle sold less the credit for the used vehicle taken in trade.

(e) Upon every person, firm or corporation engaged or continuing within the city in the business of selling at retail any machine, machinery or equipment which is used in planting, cultivating and harvesting farm products, or used in connection with the production of agricultural produce or products, livestock or poultry on farms, and the parts of such machines, machinery or equipment, attachments and replacements therefore which are made or manufactured for use on or in the operation of such machine, machinery or equipment, and which are necessary to and customarily used in the operation of such machine, machinery or equipment, an amount equal to **one percent (1%)** of the gross proceeds of the sale thereof. Provided, however, the **one percent (1%)** rate herein prescribed with respect to parts, attachments and replacements shall not apply to any automotive vehicle or trailer designed primarily for public highway use, except farm trailers used primarily in the production and harvesting of agricultural commodities.
