What’s New For 2011

Section 40-27-1, Article IV, Code of Alabama 1975, has been amended. For tax years beginning on or after January 1, 2011, all business income shall be apportioned to Alabama by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus twice the sales factor, and the denominator of which is four.

Sales other than sales described in Title 40, Chapter 27, Section 1 Article IV §16, are in this state if the taxpayer’s market for the sale is in this state.

Reemployment Act of 2010, Act Number 2010-557, passed by the Alabama Legislature during the 2010 Regular Session, allows a deduction for employers that create new jobs for unemployed persons, effective for the tax years 2011 and 2012.

The Reemployment Act of 2010 provides an income tax deduction to employers who hire individuals collecting unemployment or whose unemployment benefits have expired. Employers will receive an income tax deduction up to 50 percent of the gross wages paid to each individual hired from these categories who remains with the employer for 12 consecutive months. The deduction is limited, depending on the wage rates paid to employees and is effective for tax years 2011 and 2012 for employees hired during 2010 and 2011, respectively. See the instructions for Form 20C, page 1, line 11c.

Qualifying Employers Deduction for Employee Health Insurance.

The Alabama Legislature passed Act Number 2011-155 during the 2011 legislative session. The amended law allows qualifying employers to deduct an additional one hundred percent (100%) of the amount paid as health insurance premiums on qualifying employees in connection with an employer-provided health insurance plan. Qualifying employers are defined in the law as employers with less than 25 employees. Qualifying employees are defined in the law as those employees that are Alabama residents, earn no more than $50,000 wages, and report no more than $75,000 of Alabama Adjusted Gross Income ($150,000 if married filing jointly). The deduction should be claimed on the Alabama corporate income tax return, Form 20C, page 1, line 11b.

Tariff Credit Act of 2011. The Tariff Credit Act of 2011, passed by the Alabama Legislature during the 2011 Regular Session, provides for a tax credit against Alabama income tax for companies investing in qualifying projects that meet certain minimum requirements. The minimum employment level is 100 full time employees with a base wage of at least equal to the annualized median individual income. The minimum capital investment is $100,000,000. The amount of the credit shall not exceed $20 million or 25 percent of the capital cost of the qualifying project, whichever is less. The total tariff credit allowed to any taxpayer is limited to $50 million. The Tariff credit may be applied against the investing company’s state income tax liability or transferred to a transferee taxpayer to be credited against the transferee taxpayer's state income tax liability for up to three years from the date of a Notice of Tariff Credit. Taxpayers claiming the tariff credit must attach the approved Notice of Tariff Credit. For more information contact the Alabama Development Office at 1-800-248-0033 or the Commissioner of the Alabama Department of Revenue at 334-242-1175.

Estimate/Extension/Informational Requirements:

Estimated Income Tax Payments. A corporation that has an Alabama income tax liability in excess of $500 must pay estimated tax. The first payment is due by the 15th day of the 4th month of the taxable year. The 2nd, 3rd, and 4th payments are due by the 15th day of the 6th, 9th, and 12th months, respectively.

The amount of required installments shall be 25 percent of the required annual payment. Required annual payment generally means the lesser of a) 100 percent of the tax shown on the return for the taxable year, or b) 100 percent of the tax shown on the return of the corporation for the preceding taxable year. The prior year exception shall not apply if the preceding taxable year was not a taxable year of 12 months or the corporation did not file a return for such preceding taxable year showing a liability for tax. Refer to Alabama Code Section 40-18-80.1.

Large corporations (taxable income of $1,000,000 or more for any taxable year during the testing period) are required to pay 100 percent of the current year tax. The prior year exception shall not apply in the case of a large corporation. The testing period is the 3 taxable years immediately preceding the taxable year involved. Also, taxable income shall be determined without regard to any net operating loss carried to the taxable year under Section 40-18-35.1. Refer to Alabama Code Section 40-18-80.1.
Estimated tax payments not paid by each quarterly due date will be subject to interest on the underpayment – determined by applying the underpayment rate established by 26 U.S.C. §6621 (as provided by Alabama Code Section 40-18-80.1) to the underpayment for the period of underpayment. In addition, the 10% penalty provided for in Alabama Code Section 40-2A-11 applies to estimated tax payments not paid by the quarterly due date.

Form 2220AL. Relief from the interest and penalty due on underpayment of estimated tax may be granted to eligible taxpayers who file Alabama Form 2220AL and meet one of the exceptions below.

- A corporation computed their required quarterly installments using an approved federal method (annualized or seasonal).
- A Large Corporation is allowed to base its first quarter installment on the prior year tax liability.

Automatic Extension Payments. An automatic extension of six months is granted to file the Alabama Corporation Income Tax Return, Form 20C. If estimated payments do not equal or exceed the amount of tax due for the period, the balance of the corporation's tax liability is due on or before the original due date of the return.

Automatic extension payments of $750 or more must be made electronically.

DO NOT MAIL FORM BIT-V IF THE PAYMENT IS REMITTED ELECTRONICALLY.

To obtain Form BIT-V visit our Web site at www.revenue.alabama.gov.

Returns or payments under $750 bearing a U.S. Postal Service cancellation no later than midnight of the due date (with extensions) will be considered timely filed.

CIVIL PENALTIES. Section 40-2A-11 provides additional penalties for (1) failure to timely file, (2) failure to timely pay, (3) underpayment due to negligence, and (4) underpayment due to fraud. These penalties may be assessed in addition to the amounts provided by §40-18-80.1.

How To File:

Short period returns are not required or allowed unless the taxpayer changes their accounting period or ceases to exist before the end of the tax year. A change in ownership does not prompt the end of a tax year for Alabama purposes. For example, if a corporation is purchased during a tax year by another corporation and the accounting period remains the same, for federal tax purposes, the corporation will file two short period returns. For Alabama purposes, the taxpayer should file one return for the entire year.

Corporations that either withdraw from doing business in the state prior to the end of the year or do not begin doing business in the state at the beginning of the tax year must file a full year return. Do not file a short year return. The tax year for the state return must be the same as the federal tax year. Income will be apportioned to Alabama using the apportionment factor.

REQUIRED ATTACHMENTS. For the return to be considered complete and properly filed, a signed copy of the appropriate federal return (Form 1120, 1120A, 1120F, 1120H, 990/990T, etc.) must be attached. However, if the corporation is completing a 20C proforma return, the appropriate federal return and required attachments should be attached to the Form 20C-C. Failure to attach the complete federal return, as filed with the IRS, with the necessary supporting schedules, forms and statements (ex: Schedule D, Schedule UTP; Form 8886, Form 4797, balance sheet, supporting statements for other income and other deductions) may result in the imposition of delinquent penalties. In addition to the required federal attachments, Alabama requires copies of Schedules K-1 for each tax entity the corporation held an interest in during the taxable year. Itemized depreciation schedules are not required to be attached to Form 20C, but should be maintained and available upon request.

If the corporation is a member of an affiliated group which files a consolidated federal return, additional information is required. In addition to the signed copy of the appropriate federal return, the following are required: 1) Federal Form 851, the federal affiliations schedule, should be included and the names of those entities subject to Alabama tax should be identified. The names of the entities subject to Alabama tax can either be underlined, or identified by using an (*) asterisk beside the name of the entity. 2) Copies of the supporting schedules, forms and statements filed as an attachment with the appropriate federal form type. This includes items such as the consolidating income spreadsheets (including the column that identifies any eliminations or adjustments that occur as a result of the federal consolidation rules); the consolidating balance sheets (by separate company) for the beginning of the year and the end of the year; supporting statements for other income and other deductions (by separate company). These supporting statements, forms and schedules should be copies of the actual documents provided to the Internal Revenue Service, not reproduced versions for state tax purposes.

File the 2011 return for calendar year 2011 and for fiscal years or short years that begin in 2011. Mark the appropriate box at the top of the form for a fiscal year or short-year.

Checking the box can facilitate the process of resolving a problem when information on the return is missing or incomplete.

PAID PREPARER INFORMATION. Anyone who is paid to prepare the Alabama Form 20C must sign and provide the information requested in the Paid Preparer’s Use Only section of the Form 20C. The signature can be made by hand, rubber stamp, mechanical device, or a computer software program. Paid preparers must provide the taxpayer with a copy of the prepared return.

Any questions concerning the preparation of the Alabama Form 20C should be directed to the Corporate Income Tax Section 334-242-1200. Alabama Corporate Income Tax law, regulations, forms and instructions are available on the Alabama Department of Revenue’s Web site at www.revenue.alabama.gov.

Where To File/Payment of Tax:

The total amount of the corporation’s income tax liability for the period is due on or before the extended due date of the return. If the return is to be filed under extension, any liability due should be remitted no later than the original due date of the return. Payments of $750 or more must be made electronically. Non-electronic payments must be remitted with Form BIT-V. DO NOT MAIL FORM BIT-V IF THE PAYMENT IS REMITTED ELECTRONICALLY.

The Department is not responsible if a financial institution rejects a direct deposit. If you are unsure of the routing number and/or account number, you should check with your financial institution to ensure they are correct. The Department is not responsible for a lost refund if you enter the wrong account information.

### Instructions For Schedule A

The Alabama income tax law is similar, but not identical, to the federal income tax law. It is necessary to make certain adjustments to reconcile federal taxable income before federal net operating loss to total taxable income from all locations computed in accordance with Alabama income tax law and rules before adjustments for federal income tax and net operating loss carryforward. Use Schedule A to itemize these reconciliation adjustments.

**NOTE:** Sections 40-18-33, 40-18-34, and 40-18-35 define Alabama corporate taxable income, and the definition was revised for taxable years beginning on or after January 1, 2001.

**MULTISTATE CORPORATIONS MUST NOT USE SCHEDULE A TO MAKE ADJUSTMENTS FOR NONAPPORTIONABLE (NONBUSINESS) ITEMS.** Adjustments for these items must be made on Schedule C.

LINE 4b. Enter on Line 4b the amount of Alabama-allowed depreciation on items of property where the federal bonus depreciation was taken as allowed by the 2008 Federal Economic Stimulus Act or the additional Section 179 expense deduction was taken as allowed by the 2008 Federal Economic Stimulus Act. Include any difference in gain attributable to differences in depreciation (Economic Stimulus Act of 2008) that would increase Alabama taxable income. Identify the items of property on an attachment to the return.

Lines 1-5 are used to compute the amount of the consolidated federal tax liability attributable to the company filing Form 20C.**

If the corporation is a member of an affiliated group which files a consolidated federal return, check the appropriate block to indicate the election made under 26 U.S.C. §1552. For taxpayers utilizing 1552(a)(1) and 1552(a)(2), provide a copy of the corporation’s federal income tax workpapers showing the members of the consolidated federal group. For corporations using 1552(a)(1), the workpapers should include the member’s share of federal taxable income (line 30 of Form 1120), **positive amounts only.** Losses should be entered as a $0.00. For corporations using 1552(a)(2), the workpapers should include the member’s federal income tax as computed utilizing the current year tax rates and taking into account any federal income tax credits attributable to each member of the federal group. The total (taxable income or federal income tax) from this workpaper should be the amount reported on Line 2 of this schedule.

Taxpayers utilizing method 1552(a)(3) must attach a copy of the corporation’s federal income tax deduction workpapers. Even if the taxpayer is filing as part of a consolidated federal return, taxpayers utilizing method 1552(a)(3) must skip to line 6. Lines 1-5 of this schedule apply only to those taxpayers using methods 1552(a)(1) or 1552(a)(2).

LINE 1. Enter the corporation’s separate federal (taxable income/tax) from line 30 or 31 of the proforma 1120.

LINE 3. Divide the corporation’s separate federal (taxable income/tax) as shown on line 1 by the group’s total positive federal taxable (income/tax) as shown on line 2. Enter the result.

LINE 4. Enter the consolidated federal income tax (liability/payments).

**Accrual-basis taxpayers** should enter the amount of the corporation’s consolidated federal income tax. The federal liability should correspond with Federal Form 1120, Schedule J.

LINE 6. Enter the taxpayer’s federal income tax (share of the consolidated federal income tax, if included in a consolidated return, as computed on lines 1-5 above) — See Reg. 810-3-35-.01. Accrual-basis taxpayers should enter the amount of the corporation’s federal income tax. The federal liability should correspond with Federal Form 1120, Schedule J.

**Cash-basis taxpayers** should enter the actual tax payment forwarded to the Internal Revenue Service during the tax period.

LINE 8. Enter the amount of federal taxable income adjusted to Alabama basis from line 4, page 1.

LINE 10. Multiply the amount of federal income tax attributed to this corporation as shown on line 6 by the federal income tax ratio as shown on line 9. Enter the result.

LINE 11. If a corporation takes a deduction for federal income tax on its Alabama return and in a later year all or a portion of the tax claimed as a deduction is refunded by the Internal Revenue Service, the taxpayer is required to recognize the refund on its Alabama return to the extent of the benefit received in the year of the deduction.

Cash-basis taxpayers recognize refunds in the year they are issued by the Internal Revenue Service. Accrual-basis taxpayers recognize refunds in the year in which the refund is accrued for financial accounting purposes. An accrual-basis taxpayer receiving a refund as a result of a NOL carryback would accrue the refund in the year of the carryback.

Multistate taxpayers filing separate federal returns (not requiring allocation of the refund among members of a consolidation) should apportion the refund to Alabama using the following steps:

1. If the total refund received or accrued results from a carryback to more than one previous year, identify each of the years to which the carryback is applied and designate the amount attributable to each year.
2. Multiply the amount of refund attributable to each year by the same percentage used to apportion income to Alabama on that year’s return as last reported or audited.
3. Add the results obtained in Step 2 for all years.
4. Enter the total on line 11.

A multi state taxpayer filing its federal return as a member of a consolidated group must apportion the refund to each member of the group at the same ratio that the tax deduction being refunded was originally apportioned. See Reg. 810-3-35-.01(1)(b).4.

After the amount of refund attributable to the separate corporation has been determined for each year, the four (4) steps provided above for corporations filing separate federal returns may be followed in determining the amount of federal income tax refund to be entered on line 11.

LINE 12. Subtract line 11 from line 10. If line 10 is larger than line 11, enter the net federal income tax deduction on line 12 and carry to line 11 of page 1. If line 11 is larger than line 10, enter the net federal income tax refund on line 12 and carry to line 11 of page 1.
