Estimate payments are not required by Alabama law. Voluntary estimated payments can be submitted with Form FDT-V.

Amended Returns. When filing an amended return include any payments with the original return as a credit on the automatic extension payment line.

Required Attachments. To be considered a complete return, the

Alabama Fiduciary Income Tax Return must have attached a complete copy of the federal Form 1041, U.S. Income Tax Return for Estates and Trusts, with all federal K-1s, all statements and all attachments. Failure, to attach a complete copy of the federal Form 1041, will constitute improper preparation subjecting the return to treatment as a delinquent return. Voluminous depreciation and like schedules may be omitted; however, a list of all omitted schedules must be attached and must be provided if requested. In addition, for the Alabama Form 41 to be considered a complete return, a properly completed Alabama Schedule K-1 must be attached for each person or tax entity that was a beneficiary at any time during the taxable year.

Resident Estates and Trusts. Resident estates and trusts are defined in §40-18-1, as follows:

"... (20) RESIDENT ESTATE. The estate of any person who was a resident of Alabama at the time of his or her death. (21) RESIDENT TRUST. A trust is a resident trust for a taxable year if it is a trust which meets both a. and b.:

a. The trust is created by the will of a decedent who was an Alabama resident at death or by a person who was an Alabama resident at the time such trust became irrevocable; and

b. For more than seven months during such taxable year, a person, as defined in this section, who either resides in or is domiciled in Alabama is either a fiduciary of the trust or a beneficiary of the trust to whom distributions currently may be made.... "Resident estates and trusts must report all income from all sources, but are allowed a credit for taxes paid to other states. Resident estates and trusts are not required to determine Alabama source income, unless a beneficiary or owner is a nonresident."

Resident Beneficiaries and Owners. Resident beneficiaries and owners report all income from all sources, and are allowed a credit for taxes paid to other states.

Nonresident Estates and Trusts. Nonresident estates and trusts are defined in §40-18-1, which states: "... (13) NONRESIDENT ESTATE. An estate other than a resident estate of this state. (14) NONRESIDENT TRUST. A trust other than a resident trust of this state..." "Nonresident estates and trusts must report Alabama source income in accordance with §40-18-14. Nonresident estates and trust are allowed deductions in computing Alabama taxable income in accordance with §40-18-15."

§40-18-14 in referring to the term gross income for nonresident individuals, states:

"... The term "gross income," in the case of a resident individual, includes income from sources within and outside Alabama, and in the case of a nonresident individual, includes only income from property owned or business transacted in Alabama..." Nonresident estates or trusts must report as Alabama source income on Form 41 (Schedule C – Computation of Alabama Adjusted Total Income) income from property owned or business transacted in Alabama. An explanation for the difference in the federal amount of income and the Alabama amount of income must be clearly provided for each source of income. Any non-Alabama source income must be boldly disclosed as an Alabama adjustment arriving at Alabama income.

Requirement for Nonresident Estates and Trusts to Allocate Certain Deductions. Certain deductions are required by §40-18-15(e), to be specially allocated by nonresident estates and trusts. Those deductions concern: federal income tax, estate tax, other taxes, interest, charitable contributions, certain casualty and theft losses, and certain other deductions as explained in §40-18-15(e). Also, the income distribution deduction claimed by the nonresident estate or trust represents Alabama source income to the nonresident beneficiaries or

owners of the nonresident estate or trust. The determination of Alabama source income for an amount paid or credited to a beneficiary or owner must be accomplished in order to complete the Alabama Schedule K-1 for a nonresident beneficiary or owner.

Nonresident Beneficiaries. Nonresident beneficiaries and owners must report as Alabama source income the beneficiary or owner's share of the amount paid or deemed to have been paid by the estate or trust to the beneficiary or owner and claimed by the estate or trust as an income distribution deduction (in accordance with 26 U.S.C. §§651 or 661), in the computation of the estate or trust's Alabama taxable income. The income reported by nonresident beneficiaries and owners is limited in accordance with §40-18-14, and the deductions allowed in computing Alabama taxable income are limited in accordance with §40-18-15. Both resident and nonresident estates and trusts must compute the amount of Alabama source income included in the income distribution deduction for a tax year, when the estate or trust has a nonresident beneficiary or owner.

Grantor Trust Returns – Alabama Grantor Trust Reporting Requirements. Grantor trusts, as described in 26 U.S.C. §671, have an Alabama return filing requirement specified by §§40-18-25 (g) and 40-18-29.

Those returns will be prepared as follows:

Do not include any capital gains for the tax year allocated to corpus and paid or permanently set aside for charitable purposes – enter those amounts on line 4.

Line 2. Enter the amount of Alabama tax exempt income received by the estate or trust during the tax year which is allocable to the amount entered on line 1. Unless specified otherwise in the governing instrument of the trust the amount on line 2 is computed by multiplying the amount on line 1 by a fraction, the numerator of which is the total tax-exempt income of the estate or trust, and the denominator is the gross income of the estate or trust. Do not include in the denominator any losses allocated to corpus.

Line 3. Subtract line 2 from line 1, and enter the difference on line 3.

Line 4. Enter the amount of capital gains for the tax year which are allocated to corpus and paid or permanently set aside for charitable purposes.

Line 5. Add line 4 to line 3, and enter the sum on line 5 and on page 3, Schedule C, line 13, column C.

Schedule B – Computation of Alabama Income Distribution Deduction.

Lines 1 through 7 compute Alabama Distributable Net Income (DNI). Alabama DNI serves the same purpose as the federal DNI. Alabama DNI, adjusted for items not included in the gross income of the estate or trust in accordance with 26 U.S.C. §§651 and 661, limits the amount of deduction an estate or trust may claim for distributions

to beneficiaries. Alabama DNI may also limit the amount of Alabama income a beneficiary or trust owner must report.

Line 1. Enter the amount from page 1, line 1.

Line 2. Enter the amount of gain from the sale of capital assets, only if the gain was allocated to corpus and was not paid, credited, or required to be distributed to any beneficiary or owner during the taxable year, or was not included in the amount entered on Schedule A, line 4.

Line 3. Subtract line 2 from line 1, and enter the difference.

Line 4. Enter, as a positive amount, the amount of loss from the sale of capital assets, only if the loss was not considered in the determination of the amount to be paid, credited, or required to be distributed to any beneficiary or owner during the taxable year.

Line 5. Enter the amount of tax exempt interest excluded in computing Alabama taxable income for the estate or trust, reduced by the amount entered on Schedule A, line 2.

Line 6. Enter other adjustments not addressed by lines 2, 4, or 5, above. Enter adjustments that would increase the Alabama DNI as a positive amount. Enter adjustments that would decrease the Alabama DNI as a negative amount. Please attach a complete explanation for each of the adjustments entered in line 6.

Line 7. Enter the sum of lines 3 through 6. The computations of lines 8 through 16 of Schedule B adjust Alabama DNI and compute certain limits for the Alabama Income Distribution Deduction. The Alabama Income Distribution Deduction is generally computed in accordance with 26 U.S.C. §§651 and 661.

Line 8. This line applies to complex trusts only. Enter the accounting income of the trust for the tax year determined under the terms of the governing instrument, applicable local law, and Alabama income tax law.

Line 10. This line applies to only decedent's estates or complex trusts. These distributions consist of any other amounts paid, credited, or required to be distributed and are referred to as second tier distributions.

Line 11. Enter the sum of lines 9 and 10.

Line 12. Enter the amount of Alabama tax-exempt income included on line 11.

Line 13. Subtract the line 12 from line 11.

Line 14. Subtract line 5 from line 7. Enter zero if equal to zero or less.

Line 15. The Special Alabama Income Distribution Deduction applies only to estates or trusts in a tax year other than the final year for a trust, during which the estate or trust incurred a net Alabama capital loss from the sale of capital assets owned by the trust which was allocated to trust corpus, and for such tax year the estate or trust has a negative Alabama taxable income using the lesser of the tentative income distribution deductions computed on lines 13 and 14.

The Special Alabama Income Distribution Deduction is used rather than the tentative income distribution deductions computed on lines 13 and 14. The special deduction is equal in amount to the amount entered on page 1, line 1, but cannot be less than zero. The Special Alabama Income Distribution Deduction Limitation is restricted in that: (1) the use of the Special Alabama Income Distribution Deduction can't cause the Alabama Taxable Income of the estate or trust to be less than zero, and (2) the amount of the Special Alabama Income Distribution Deduction can't be lower than the lesser of the amounts on lines 13 and 14 reduced by the amount of the net Alabama capital loss allocated to trust corpus for the tax year (stated as a positive number).

Line 16. Enter the smallest of the amounts entered on lines 13, 14, or, if applicable, line 15, but not less than zero.

Schedule C – Computation of Alabama Adjusted Total Income.

Please provide a complete explanation and computation for the total amount of gains and losses reported on this line – specifically identify those amounts not allocated to trust corpus. Non-Alabama Source Income. Nonresident estates or trusts must report as Alabama source income that income earned from property owned or business transacted in Alabama. An explanation for the difference in the federal amount of income and the Alabama amount of income must be clearly provided for each source of income. Any non-Alabama source income must be boldly disclosed as an Alabama adjustment arriving at the proper amount of Alabama income.

Line 9. Enter in each column the sum of the amounts entered in lines 1 through 8.

Lines 10 through 16 – For the deduction items identified by the line titles:

Alabama Adjusted Gross Income is computed by subtracting from Schedule C, line 9, column C (Total Income – Alabama Amount): (1) the administration costs of the estate or trust included in Schedule C, lines 12, 14, and 15, column C; (2) the

Alabama Income Distribution Deduction (page 1, line 2); (3) the exemption Allowed the Estate or Trust (page 1, line 3); and, (4) the Alabama Net Operating Loss Deduction. If Alabama AGI is less than zero, use zero in any computations where Alabama AGI is required.

Line 18a. Subtract line 17, column A, (Total Ordinary Deductions) from line 9, column A (Total Income). The amount entered on line 18a must agree with the amount entered on page 1, line 17, of the federal Form 1041 filed for the estate or trust.

Line 18b. Subtract line 17, column B from line 9, column B. Enter the net effect the Alabama adjustments have on the Federal Adjusted Total Income shown on line 18a. Line 18c. Subtract line 17, column C from line 9, column C. The amount entered on line 18c must agree with the amount entered on page 1, line 1, of the Alabama Form 41 filed for the estate or trust. The amount on line 18c must equal the difference in line 18a and line 18b.

Line 19. Please provide the requested information concerning tax exempt income. Column C must equal the amount of tax exempt income in accordance with Alabama income tax law. Please also provide a complete explanation for the items reported on this line.

Schedule C – Possible Reasons for an Alabama Adjustment. The differences in federal income tax law and Alabama income tax law are numerous, and can change with the passage of federal or Alabama tax legislation. Although Internal Revenue Code Subchapter J has been adopted by Alabama income tax law, the computations of Subchapter J will be applied to income and deductions determined under Alabama income tax law.

Deduction for Federal Income Taxes Paid. Federal income tax paid is allowed as a deduction to individuals in accordance with §40-18-15, but is not allowed as a deduction for federal income tax purposes. Refunds of federal income tax paid in a prior tax year are includable as income in computing the Alabama taxable income for an individual taxpayer.

Depletion Deduction. The depletion deduction allowed individuals in computing Alabama taxable income is specified in §40-18-15, but may differ from the depletion deduction allowed for federal income tax purposes.

Payments for State Income Taxes. State income taxes paid to a state other than Alabama may be deductible for federal income tax purposes, but are not deductible by a fiduciary in computing Alabama taxable income – see §40-18-15.

Tax Exempt Income. Tax exempt interest income for Alabama income tax purposes can differ from tax exempt interest income for federal purposes. Interest income from obligations of the United States or its possessions is taxable for federal income tax purposes and is exempt for Alabama income tax purposes. Interest income from the obligations of the State of Alabama and the obligations of Alabama local political subdivisions is exempt for federal income tax purposes, and is exempt for Alabama income tax purposes. Interest income from non-Alabama state and local government obligations is exempt for federal income tax purposes, but not for Alabama income tax purposes – see §40-18-14.

Federal Passive Activity Loss Restrictions. Estates and trusts are subject to certain federal passive activity loss restrictions, which are not applicable in computing Alabama taxable income.

Capital Gains and Losses. While federal income tax law may limit the amount of capital losses that may be claimed by a taxpayer in a tax

year, in computing Alabama taxable income estates and trusts shall report gains and losses in accordance with §40-18-8.

Net Operating Loss. In computing Alabama taxable income an estate or trust is only entitled to the net operating loss deduction provided for individual taxpayers in §40-18-15.2.

Personal Exemption. The personal exemption amount allowed as a deduction to estates and trusts in computing Alabama taxable income is \$1,500 – the same amount allowed a single individual under §40-18-19.

Nonresident Estate and Trust Income and Deductions. Nonresident estates and trusts must report Alabama source income in accordance with §40-18-14, and are allowed deductions in computing Alabama taxable income in accordance with §40-18-15.

Certain federal employment tax credits require the wages to be reduced by the amount of the credit taken – the amount the wages were reduced would be allowed as a deduction for Alabama income tax purposes.

Federal Estate Tax. An estate or trust, in computing Alabama taxable income, is prohibited by §40-18-25(f), from claiming the deduction otherwise allowable under 26 U.S.C. §691(c)(1)(A), the federal deduction for a portion of the estate tax paid when income in respect of a decedent is reported. Federal estate taxes paid are allowed as a deduction to individuals in computing Alabama taxable income – in accordance with §40-18-15.
