How To File:

REQUIRED ATTACHMENTS. For the return to be considered complete and properly filed, a signed copy of the appropriate federal return (Form 1120, 1120A, 1120F, 1120H, 990/990T, etc.) must be attached. However, if the corporation is completing a 20C proforma return, the appropriate federal return and required attachments should be attached to the Form 20C-C. Failure to attach the complete federal return, as filed with the IRS, with the necessary supporting schedules, forms and statements (ex: Schedule D, Schedule UTP; Form 8886, Form 4797, balance sheet, supporting statements for other income and other deductions) may result in the imposition of delinquent and/or frivolous penalties. In addition to the required federal attachments, Alabama requires copies of Schedules K-1 for each tax entity the corporation held an interest in during the taxable year. Itemized depreciation schedules are not required to be attached to Form 20C, but should be maintained and available upon request.

If the corporation is a member of an affiliated group which files a consolidated federal return, additional information is required. In addition to the signed copy of the appropriate federal return, the following are required: 1) Federal Form 851, the federal affiliations schedule, should be included and the names of those entities subject to Alabama tax should be identified. The names of the entities subject to Alabama tax can either be underlined, or identified by using an (*) asterisk beside the name of the entity. 2) Copies of the supporting schedules, forms and statements filed as an attachment with the appropriate federal form type. This includes items such as the consolidating income spreadsheets (including the column that identifies any eliminations or adjustments that occur as a result of the federal consolidation rules); the consolidating balance sheets (by separate company) for the beginning of the year and the end of the year; supporting statements for other income and other deductions (by separate company). **These supporting statements, forms and schedules should be copies of the actual documents provided to the Internal Revenue Service, not reproduced versions for state tax purposes.** 3) a Proforma U.S. Corporation Income Tax Return Form 1120, with supporting statements, for each separate entity to support any differences in Form 20C, line 1, Federal Taxable Income due to capital gains, charitable contribution and federal SRLY NOLs.

Specific Instructions

At the top, left-hand corner of page 1 check all applicable boxes if filing an initial, final, amended return, or address change.

At the top, right-hand corner of page 1 check the appropriate box indicating a calendar-year, fiscal-year, or short-year return. Fill in the blanks indicating the beginning and ending dates of the tax period if the return is for a fiscal year or a short year.

If this corporation is included in a consolidated federal income tax return, check the block and enter the name and federal employer identification number of the common parent corporation.

Check the appropriate filing status. ONLY ONE BOX can be checked for the corporation's filing status.

Filing status 1 through 4. Check one of the boxes for filing status 1 through 4 if the taxpayer will not file as part of a consolidated Alabama return. Filing status 1, Corporation operating only in Alabama, should be used by taxpayers with 100% Alabama activities. Filing status 2, Multi-state corporation, is available as an option to taxpayers whose business activity in Alabama is represented by the apportionment percentage (has operations in Alabama and one or more states). Filing status 3, Percentage of Sales, is available as an option to taxpayers whose only activities within Alabama consist of sales and do not include owning or renting real estate or tangible personal property and whose gross Alabama sales are not in excess of \$100,000. Use Schedule D-2 to compute tax. Filing status 4, Separate (Direct) Accounting, should only be used by taxpayers that have received prior permission from the Alabama Commissioner of Revenue.

Filing status 5, Proforma return, should be used only by those taxpayers who have elected to file as part of a consolidated group for Alabama purposes.

Taxpayers with a valid election to file as part of a consolidated Alabama return must mark "Filing Status 5" and include the return with Form 20C-C in order for each company's return to process correctly. Taxpayers should not check the box for filing status 1 through 4 if they are part of a consolidated filing. In addition to checking Filing status 5, Schedule D-1 must be completed by the entity whose business activity in Alabama is represented by the apportionment percentage (has operations in Alabama and one or more states). Taxpayers with 100% Alabama activities should not complete Schedule D-1. Schedule D-2 may be completed by the entity whose only activities within Alabama consist of sales and do not include owning or renting real estate or tangible personal property and whose gross Alabama sales are not in excess of \$100,000; or Schedule C should be completed if the taxpayer's has received prior permission from the Commissioner of Revenue to report utilizing the Separate (Direct) Accounting. Items reported on Schedule C are excluded from apportionable income and are allocated either to Alabama or to another state. See Rule 810-27-1-4-.01. Use Schedule A to itemize these reconciliation adjustments.

NOTE: Sections 40-18-33, 40-18-34, and 40-18-35 define Alabama corporate taxable income, and the definition was revised for taxable years beginning on or after January 1, 2001.

Instructions For Schedule B

For taxable years beginning after December 31, 1984, a net operating loss may be carried forward for a maximum of 15 years. There is no provision in Alabama tax law that allows corporations to carry a net operating loss back to prior taxable years.

NOTE: Failure to properly complete Schedule B will result in an automatic denial of any net operating loss claimed.

Schedule B must be completed in order to claim the net operating loss deduction. **Copies of the Alabama corporate income tax returns (page 1 only) for all applicable years more than six years old must be attached, including tax periods where the net operating losses were utilized.**

NOTE: Please begin the net operating loss schedule with the oldest loss year first, ending with the most current loss year. Please list loss years only. Tax years that utilize net operating losses should not be listed. The utilized losses are shown in column 3.

Column 1. Enter the tax year end (MM/DD/YYYY) in which the net operating loss was generated.

Investments originally acquired by means of stock for stock swaps may be eliminated from both the numerator and the denominator of the nonbusiness interest expense proration factor.

Subtract Column C from Column A, and enter the remainder in Column E. Subtract Column D from Column B, and enter the remainder in Column F.

This schedule should be used to compute the amount of the corporation's federal income tax deduction allowed for Alabama corporate income tax purposes.

Corporations filing a consolidated federal return must complete lines 1-12 of this schedule. Corporations filing separate company federal returns should complete lines 6-12 of this schedule only. Lines 1-5 are used to compute the amount of the consolidated federal tax liability attributable to the company filing Form 20C.

If the corporation is a member of an affiliated group which files a consolidated federal return, check the appropriate block to indicate the election made under 26 U.S.C. §1552. For taxpayers utilizing 1552(a)(1) and 1552(a)(2), provide a copy of the corporation's federal income tax workpapers showing the members of the consolidated federal group. For corporations using 1552(a)(1), the workpapers should include the member's share of federal taxable income (line 30 of Form 1120), **positive amounts only**. Losses should be entered as a \$0.00. For corporations using 1552(a)(2), the workpapers should include the member's federal income tax as computed utilizing the current year tax rates and taking into account any federal income tax credits attributable to each member of the federal group. The total (taxable income or federal income tax) from this workpaper should be the amount reported on Line 2 of this schedule.

Taxpayers utilizing method 1552(a)(3) must attach a copy of the corporation's federal income tax deduction workpapers. Even if the taxpayer is filing as part of a consolidated federal return, taxpayers utilizing method 1552(a)(3) must skip to line 6. Lines 1-5 of this schedule apply only to those taxpayers using methods 1552(a)(1) or 1552(a)(2).

LINE 1. Enter the corporation's separate federal (taxable income/tax) from line 30 or 31 of the proforma 1120.

LINE 2. Enter the group's total positive federal (taxable income/tax) – See Reg. 810-3-35-.01(1)(b)3.

LINE 3. Divide the corporation's separate federal (taxable income/tax) as shown on line 1 by the group's total positive federal taxable (income/tax) as shown on line 2. Enter the result.

LINE 4. Enter the consolidated federal income tax (liability/payments).

Accrual-basis taxpayers should enter the amount of the corporation's consolidated federal income tax. The federal liability should correspond with Federal Form 1120, Schedule J.

Cash-basis taxpayers should enter the actual tax payment forwarded to the Internal Revenue Service during the tax period.

Real estate investment trusts should not include the tax imposed by IRC §857(b)(6) on prohibited transactions as part of the federal tax deduction.

LINE 6. Enter the taxpayer's federal income tax (or share of the consolidated federal income tax, if included in a consolidated return, as computed on lines 1-5 above) – See Reg. 810-3-35-.01.

Accrual-basis taxpayers should enter the amount of the corporation's federal income tax. The federal liability should correspond with Federal Form 1120, Schedule J.

Cash-basis taxpayers should enter the actual tax payment forwarded to the

Internal Revenue Service during the tax period.

Real estate investment trusts should not include the tax imposed by IRC §857(b)(6) on prohibited transactions as part of the federal tax deduction.

LINE 7. Enter the amount of Alabama income from line 10, page 1.

LINE 8. Enter the amount of federal taxable income adjusted to Alabama basis from line 4, page 1.

LINE 9. If the amounts on line 7 and line 8 are greater than zero, divide the amount on line 7 by the amount on line 8. If the amounts on line 7 and/or line 8 are zero or less than zero, enter zero. This is the federal income tax ratio. If the percentage calculated on line 9 exceeds 100%, the percent should be recalculated as the percentage of allocable gross income as shown on Schedule C.

LINE 10. Multiply the amount of federal income tax attributed to this corporation as shown on line 6 by the federal income tax ratio as shown on line 9. Enter the result.

LINE 11. If a corporation takes a deduction for federal income tax on its Alabama return and in a later year all or a portion of the tax claimed as a deduction is refunded by the Internal Revenue Service, the taxpayer is required to recognize the refund on its Alabama return to the extent of the benefit received in the year of the deduction.

Cash-basis taxpayers recognize refunds in the year they are issued by the Internal Revenue Service. Accrual-basis taxpayers recognize refunds in the year in which the refund is accrued for financial accounting purposes. An accrual-basis taxpayer receiving a refund as a result of a NOL carryback would accrue the refund in the year of the carryback.

Multistate taxpayers filing separate federal returns (not requiring allocation of the refund among members of a consolidation) should apportion the refund to Alabama using the following steps:

(1) If the total refund received or accrued results from a carryback to more than one previous year, identify each of the years to which the carryback is applied and designate the amount attributable to each year.

(2) Multiply the amount of refund attributable to each year by the same percentage used to apportion income to Alabama on that year's return as last reported or audited.

(3) Add the results obtained in Step 2 for all years.

(4) Enter the total on line 11.

A multistate taxpayer filing its federal return as a member of a consolidated group must apportion the refund to each member of the group at the same ratio that the tax deduction being refunded was originally apportioned. See Reg. 810-3-35-.01(1)(b)4.

After the amount of refund attributable to the separate corporation has been determined for each year, the four (4) steps provided above for corporations filing separate federal returns may be followed in determining the amount of federal income tax refund to be entered on line 11.

LINE 12. Subtract line 11 from line 10. If line 10 is larger than line 11, enter the net federal income tax deduction on line 12 and carry to line 11a of page 1.

If line 11 is larger than line 10, enter the net federal income tax refund on line 12 and carry to line 11a of page 1.
