General Instructions. The Alabama Schedule K-1 is a required attachment to the Alabama Form 20S. The Alabama Schedule K-1 is similar to the federal Schedule K-1 in that it is used to report the pass-through entity owners’ share of income, deductions, credits and other items.

The format of the Alabama Schedule K-1 differs from that of the federal Schedule K-1; therefore, the federal Schedule K-1 cannot serve as a substitute for the Alabama Schedule K-1.

Please note: The term “gross income,” in the case of a resident individual, includes income from sources within and outside Alabama, and in the case of a nonresident individual, includes only income from property owned or business transacted in Alabama. The Alabama K-1 has two columns in some boxes of Part III. The first column of Part III is income allocated and apportioned to Alabama. This column should be completed for both resident and nonresident shareholders. The second column of Part III should be completed for resident shareholders only. This column should include the resident’s share of income (loss) from all sources, including income (loss) earned from other states.

For example, a multistate entity has $100,000.00 of income and 27% is allocated to Alabama. The entity has a nonresident and resident shareholder each receiving 50% of income (loss). On Schedule K-1, the entity would report $13,500.00 in Column 1, Box G, for both the nonresident shareholder and resident shareholder. The entity would report $50,000.00, income from all sources, in Column 2, Box G, for the resident shareholder.
