General Information for Financial Institutions

Financial Institutions Subject To Excise Tax:

Sections 40-16-1 and 40-16-4, Code of Alabama 1975, impose an excise tax on every financial institution doing business in Alabama by engaging in the businesses specified therein. See Section 40-16-1, Definition of Financial Institution and Section 40-16-4, Statute Imposing the Alabama Financial Institution Excise Tax.

The Alabama Department of Revenue administers the Alabama Financial Institution Excise Tax. The Alabama Banking Department regulates all state-chartered banks, trust companies, and various providers of consumer credit.

Section 40-16-1, Definition of Financial Institution.

Section 40-16-1, Code of Alabama 1975, defines the term “financial institution” as follows:

“...(1) FINANCIAL INSTITUTION. Any person, firm, corporation and any legal entity whatsoever doing business in this state as a national banking association, bank, banking association, trust company, industrial or other loan company or building and loan association, and such term shall likewise include any other institution or person employing moneyed capital coming into competition with the business of national banks, and shall apply to such person or institution regardless of what business form and whether or not incorporated, whether of issue or not, and by whatsoever authority existing...”

Section 40-16-4, Statute Imposing the Alabama Financial Institution Excise Tax.

Section 40-16-4, Code of Alabama 1975, imposes an excise tax on financial institutions, specifically, Section 40-16-4(a)(1) states:

“...Every such financial institution engaging in any of the following businesses:

(i) Banking;
(ii) Conducting the business of a financial institution as defined in this chapter;
(iii) Conducting a credit card business through the issuance of credit cards to Alabama residents or businesses; or
(iv) Conducting a business employing moneyed capital coming into competition with the business of national banks shall pay to the state annually for each taxable year an excise tax measured by its net income allocated and apportioned for the taxable year at the rate of six and one-half percent of the net income...”

Activities Not Meeting the Definition of Financial Institution.

Simply lending money does not qualify a taxpayer as a financial institution, as the term is defined in Section 40-16-1, Code of Alabama 1975. Also, the results of court cases over the years have indicated that “employing moneyed capital coming into competition with the business of national banks” means the competition with the national banks must be serious in nature and the capital employed in the competition must be substantial and similar in size when compared to the capitalization of the national banks. Therefore, generally, small loan companies, personal loan companies, payday loan companies, check cashing companies, title loan companies, cash advance companies, pawn shops and companies providing solely mortgage origination services (as opposed to issuing and holding the mortgages) are not considered to be “employing moneyed capital coming into competition with the busi-
ness of national banks” nor are they considered to be a “financial institution” for purposes of the Alabama Financial Institution Excise Tax Law.

For purposes of the Alabama Financial Institution Excise Tax, performance of any one of the following activities, by a person, firm, corporation, or legal entity doing business in the State of Alabama, will not necessarily qualify the taxpayer as a financial institution, as the term is specified in Section 40-16-1, Code of Alabama 1975:

1. Those activities required to be licensed under the Alabama Small Loan Act – Title 5, Chapter 18, Code of Alabama 1975;
2. Those activities required to be licensed under the Deferred Presentment Services Act – Title 5, Chapter 18A, Code of Alabama 1975, concerning what are sometimes known as payday loans;
3. Those activities required to be licensed under the Alabama Consumer Credit Act – Title 5, Chapter 19, Code of Alabama 1975;
4. Those activities required to be licensed under the Alabama Pawnshop Act – Title 5, Chapter 19A, Code of Alabama 1975; and,
5. Those activities required to be licensed under the Mortgage Brokers Licensing Act – Title 5, Chapter 25, Code of Alabama 1975.

Please refer to each of the above-named laws to identify those entities which may be exempt from the licensing requirements of the laws (generally banks are exempt from the licensing requirements).

Example: If the taxpayer is a bank and the bank also performs in the State of Alabama those activities required to be licensed under the Alabama Consumer Credit Act, the taxpayer would meet the definition of “financial institution” specified by Section 40-16-1, Code of Alabama 1975, because it is a bank and banks are specifically included in the definition. But, if the taxpayer is a limited liability company and performs in the State of Alabama only those activities required to be licensed under the Alabama Consumer Credit Act, the taxpayer would not meet the definition of “financial institution” as specified in Section 40-16-1, Code of Alabama 1975.

The taxpayer would be subject to the provisions of the Alabama income tax law, not the provisions of the Alabama Financial Institution Excise Tax law.

Filing Requirements:

Every financial institution subject to excise tax under Title 40, Code of Alabama 1975, is required by §40-16 to file a return with the Alabama Department of Revenue for each taxable period stating gross income and allowable deductions and credits. Penalties will be added for failure to timely file, failure to timely pay, or fraudulent filing.

Estimate/Extension/Information Requirements:

Estimated Income Tax Payments. A financial institution that has an Alabama income tax liability in excess of $500 must pay estimated tax. The first payment is due by the 15th day of the 4th month of the taxable year. The 2nd, 3rd, and 4th payments are due by the 15th day of the 6th, 9th, and 12th months, respectively.

The amount of required installments shall be 25 percent of the required annual payment. Required annual payment generally means the lesser of a) 100 percent of the tax shown on the return for the taxable year, or b) 100 percent of the tax shown on the return of the financial institution for the preceding taxable year. The prior period exception shall not apply if the preceding taxable year was not a taxable year of 12 months or the financial institution did not file a return for such preceding taxable year showing a liability for tax. Refer to Alabama Code Section 40-16-5.1.

Large corporations (taxable income of $1,000,000 or more for any taxable year during the testing period) are required to pay 100 percent of the current year tax. The prior year exception shall not apply in the case of a large corporation. The testing period is the 3 taxable years immediately preceding the taxable year involved. Also, taxable income shall be determined without regard to any net operating loss carried to the taxable year under Section 40-16-10. Refer to Alabama Code Section 40-16-5.1.

Estimated tax payments not paid by each quarterly due date will be subject to interest on the underpayment – determined by applying the underpayment rate established by 26 U.S.C. §6621 (as provided by Alabama Code Section 40-16-5.1) to the underpayment for the period of underpayment. In addition, the 10% penalty provided for in Alabama Code Section 40-2A-11 applies to estimated tax payments not paid by the quarterly due date.

Form 2220E. Relief from the interest and penalty due on underpayment of estimated tax may be granted to eligible taxpayers who file Alabama Form 2220E and meet one of the exceptions below.

- A corporation computed their required quarterly installments using an approved federal method (annualized or seasonal).
- A Large Corporation is allowed to base its first quarter installment on the prior year tax liability.

See Form 2220E instructions for more information.

Extension Payments. If estimated payments do not equal or exceed the amount of tax due for the period, the balance of the financial institution’s tax liability is due on or before the original due date of the return.

Extension payments of $750 or more must be made electronically. DO NOT MAIL FORM FIE-V IF THE PAYMENT IS REMITTED ELECTRONICALLY.

Taxes not paid on or before the extended due date will be subject to interest until paid at the rate provided in §40-1-44, Code of Alabama 1975, and all applicable penalties.

Returns or payments under $750 bearing a U.S. Postal Service cancellation no later than midnight of the due date will be considered timely.

CIVIL PENALTIES. Section 40-2A-11 provides additional penalties for (1) failure to timely file, (2) failure to timely pay, (3) underpayment due to negligence, and (4) underpayment due to fraud. These penalties may be assessed in addition to the amounts provided by §40-16-5.1.

How to file:

REQUIRED ATTACHMENTS. For the Financial Institution Excise Tax return to be considered complete, a complete signed copy of the applicable federal income tax return must be attached. However, if the corporation is completing a ET-1 pro forma return, the appropriate federal return and required attachments should be attached to the Form ET-1C. Failure to attach the complete federal return, as filed with the IRS, with the necessary supporting schedules, forms and statements (ex: Schedule D, Schedule UTP; Form 8886, Form 4797, balance sheet, supporting statements for other income and other deductions) may result in the imposition of delinquent and/or frivolous penalties. In addition to the required federal attachments, Alabama requires copies of Schedules K-1 for each tax entity the corporation held an interest in during the taxable year. Itemized depreciation schedules are not required to be attached to Form ET-1, but should be maintained and available upon
request. If the financial institution is a member of an affiliated group which files a consolidated federal return, additional information is required. In addition to the signed copy of the appropriate federal return, the following are required: 1) Federal Form 851, the federal affiliations schedule, should be included and the names of those entities subject to Alabama tax should be identified. The names of the entities subject to Alabama tax can either be underlined, or identified by using an (*) asterisk beside the name of the entity. 2) Copies of the supporting schedules, forms and statements should be copies of the actual documents provided to the In-ternal Revenue Service, not reproduced versions for state tax purposes. 3) a Proforma U.S. Corporation Income Tax Return Form 1120, with supporting statements, for each separate entity and Schedule FTI to support any differences in filed as an attachment with the appropriate federal form type. This includes items such as the consolidating income spreadsheets (including the column that identifies any eliminations or adjustments that occur as a result of the federal consolidation rules); the consolidating balance sheets (by separate company) for the beginning of the year and the end of the year; supporting statements for other income and other deductions (by separate company). These supporting statements, forms and schedules should be copies of the actual documents provided to the Internal Revenue Service, not reproduced versions for state tax purposes.

NOTE: Amended returns should be completed in full and accurately and include a detailed explanation for filing the amended return, supporting documentation to validate amended changes, and computation of additional amount due or refund due. Failure to comply with the Revenue Department’s requirements may result in the assessment of interest, penalty and/or other actions.

At the top, right-hand corner of page 1, check the appropriate box indicating a calendar year, fiscal year or short year return.

- **A calendar tax year** is considered to have 12 consecutive months, beginning January 1 and ending December 31.

Filing status 3, Separate (Direct) Accounting, should only be used by financial institutions that have received prior permission from the Alabama Commissioner of Revenue.

**Filing status 4, Proforma return, should be used only by those taxpayers who have elected to file as part of an Alabama Affiliated Group.** Taxpayers with a valid election to file as part of a consolidated Alabama return must mark “Filing Status 4” and include the return with Form ET-1C in order for each company’s return to process correctly. Taxpayers should not check the box for filing status 1 through 3 if they are part of an affiliated filing. In addition to checking Filing status 4, Schedule D-1 must be completed by the entity whose business activity in Alabama is represented by the apportionment percentage (has operations in Alabama and one or more states). Taxpayers with 100% Alabama activities should not complete Schedule D-1. Schedule C should be completed if the taxpayer has received prior permission from the Commissioner of Revenue to report utilizing the Separate (Direct) Accounting. Items reported on Schedule C are excluded from apportionable income and are allocated either to Alabama or to another state. See Rule 810-27-4-.01. A net operating loss is the excess of allowable deductions over the gross income of a financial institution during a taxable year. A loss incurred in a taxable years prior to January 1, 2020 will be carried back two years then, forward to the eight succeeding taxable years in chronological order. The law regarding computing and applying net operating loss carrybacks and carryovers is similar to federal income tax law concerning net operating losses. Federal rules and decisions will be considered by the Alabama Department of Revenue in these matters.

If a NOL originates during a year that a consolidated Alabama Form ET-1 is filed, the NOL originated must be attributed to the group member or members incurring the loss. Subsequent carry back or carryforward of the net operating loss must still be member-specific. The NOL incurred by one group member must never be used to offset the income of another group member. INSTRUCTIONS FOR SCHEDULE B:

FOR TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 2019, A NET OPERATING LOSS MAY BE CARRIED FORWARD FOR A MAXIMUM OF 15 YEARS. THE PROVISION IN ALABAMA TAX LAW THAT ALLOWED CORPORATIONS TO CARRY A NET OPERATING LOSS BACK TO THE TWO PRIOR TAXABLE YEARS IS AMENDED.

FOR TAXABLE YEARS ENDING DECEMBER 31, 2019, AND PRIOR, NET OPERATING LOSSES WILL BE CARRIED BACK TWO YEARS FROM THE YEAR OF THE LOSS, AND THEN CARRIED FORWARD FOR EIGHT YEARS. NET OPERATING LOSSES MUST BE CARRIED BACK OR FORWARD ONLY ON THE ACCOUNT OF
the member which incurs the loss and must be used to offset the income over the
ten year period in chronological order.

NOTE: Failure to properly complete Schedule B will result in an automatic denial
of any net operating loss claimed.

Schedule B must be completed in order to claim the net operating loss deduc-
tion. Signed Copies of the Alabama financial institution excise tax returns
(page 1 only) for all applicable years more than six years old must be attached,
including tax periods where the net operating losses were utilized.

NOTE: Please begin the net operating loss schedule with the oldest loss year first,
ending with the most current loss year. Please list loss years only. Tax years that ut-
itize net operating losses should not be listed. All net operating losses should be listed
separately. Net operating losses acquired from another entity that previously filed in
Alabama should not be combined on the same line with losses generated by the tax-
payer in the same period.

Column 1. Enter the tax year end (MM/DD/YYYY) in which the net operating
loss was generated.

Column 2. Enter the amount of the net operating loss incurred by the corpora-
tion for the tax period in Column 1.

Column 3. Enter the amount of the net operating loss utilized in prior years for
the loss listed in Column 2.

Column 4. Enter the amount of the net operating loss to be utilized in the cur-
tax year period, not to exceed the remaining balance for this loss period.

Column 5. Enter the remaining balance of the unused net operating loss for
this loss period. (Column 2 – Column 3 – Column 4 = Column 5.)

Column 6. Check the box for any net operating losses that were acquired from
other entities previously filing in Alabama. If this box is checked, Schedule B-1
should be completed (see instructions below). If the acquired losses are subject to
federal limitations, attach documentation and detailed limitation calculations.

Instructions for Schedule B-1:

This schedule should be completed when taxpayers have unutilized net oper-
atting losses that have been acquired through a merger or acquisition with another
entity previously filing financial institution excise tax returns in Alabama. The taxpayer
should still report the net operating loss amounts on Schedule B of the Alabama
Form ET-1 and check the box in column 6 of Schedule B indicating which net op-
erating losses have been acquired.

If the acquired losses are subject to federal limitations, attach documentation
and detailed limitation calculations.

Column A. Enter the name of the entity from which the net operating loss was
acquired.

Column B. Enter the Federal Employer Identification Number (FEIN) of the en-

quired from the entity that previously filed in Alabama.

Instructions for Schedule C:

Enter on Schedule C all items of nonbusiness income, nonbusiness loss, and
nonbusiness expense. These items are excluded from apportionable income and are
allocated either to Alabama or to another state. See Rule 810-9-1-.05 for a discus-
sion of the classification of income and expense into business and nonbusiness cat-
ergories and the assignment of nonbusiness items to specific jurisdictions.

Beside the line number in Schedule C, enter the item description. In Column A,
enter the total amount of gross income or loss to be excluded from apportionable in-
come. In Column B enter the amount of gross income or loss allocable to Alabama.

Enter total nonbusiness expense in Column C and any allocable to Alabama in
Column D. Nonbusiness expense may exceed nonbusiness income and, in fact,
may be present when there is no nonbusiness income. Expenses which are not di-
rectly identifiable as business or nonbusiness must be prorated. See Rule 810-9-1-
.05. The method for prorating interest expense is to multiply total interest expense
deducted on the federal return by a fraction, the numerator of which is the average
amount invested in nonbusiness assets at cost and the denominator of which is the aver-
age amount invested in total assets at cost. Investments originally acquired by
means of stock for stock swaps may be eliminated from both the numerator and the
denominator of the nonbusiness interest expense proration factor.

Subtract Column C from Column A, and enter the remainder in Column E. Sub-
tract Column D from Column B, and enter the remainder in Column F.

Add the amounts in Columns E and F and enter the totals on line 2. Carry the
total of Column E to page 1, line 5. Carry the total of Column F to page 1, line 9.

Instructions for Schedule D-1:

ENTER ALL SCHEDULE D-1 AMOUNTS AS POSITIVE (+) VALUES.

The financial institution’s business activity in Alabama is represented by the Ala-
Bama Apportionment Factor, which is computed as the average of: the property fac-
tor; the payroll factor; and, the receipts factor. See Alabama Department of Revenue
Rule Number 810-9-1-.05, Apportionment and Allocation of Net Income of Fi-
nancial Institutions, for detailed instructions regarding the items to be included in
the numerator and the denominator of each of these factors.

For purposes of the Alabama Financial Institution Excise Tax, “business income”
is income arising from transactions and activity in the regular course of the tax-
payer’s trade or business and includes income from tangible and intangible property
if the acquisition, management, and disposition of the property constitute integral
parts of the taxpayer’s regular trade or business operations. In essence, all income
which arises from the conduct of trade or business operations of a taxpayer is busi-
ness income. For purposes of administering the Alabama Financial Institution Ex-
cise Tax, the income of the taxpayer is business income unless clearly classifiable
as nonbusiness income, and nonbusiness income means all income other than busi-
ness income.

Property Factor:

For purposes of computing the property factor, real and tangible personal prop-
erty mean, respectively, property on which the taxpayer may claim depreciation for
federal income tax purposes, or property to which the taxpayer holds legal title and
on which no other person may claim depreciation for federal income tax purposes
(or claim depreciation if subject to federal income tax). Real and tangible per-
sonal property do not include coin, currency, or property acquired in lieu of or pur-
suant to a foreclosure.

For purposes of computing the property factor, loans include any extension of
credit resulting from direct negotiations between the taxpayer and its customer, or
the purchase, in whole or in part, of such extension of credit from another or both.
Loans include participation, syndications, and leases treated as loans for federal
income tax purposes. Loans are valued at their outstanding principal balance, with-
out regard to any reserve for bad debts. Credit card receivables are valued at their
outstanding principal balance, without regard to any reserve for bad debts.

otherwise) of property available for use in the production of business income, in Ala-

In the case of employees not subject to the federal Internal Revenue Code (e.g., those employed in foreign countries), the determination of whether such payments would constitute gross income to such employees under the federal Internal Revenue Code shall be made as though such employees were subject to the federal Internal Revenue Code.

**Instructions for Schedule E:**

This schedule should be used to compute the amount of the financial institution’s federal income tax deduction allowable for (apportioned to) Alabama and to offset that deduction with the amount of any refund received in the taxable year.

**Financial institutions filing a consolidated federal return must complete lines 1-12 of this schedule. Financial institutions filing separate company federal returns should complete lines 6-12 of this schedule only. Lines 1-5 are used to compute the amount of the consolidated federal tax attributable to the company filing Form ET-1.**

If the financial institution is a member of an affiliated group which files a consolidated federal return, the approved election made under IRC §1552 that must be used is the 1552(a)(1) method. The Department no longer accepts the 1552(a)(2) or 1552(a)(3) methods for calculating the federal income tax deduction. In using 1552(a)(1), provide a copy of the corporation's federal income tax workpapers showing the members of the consolidated federal group. The workpapers should include the member’s share of federal taxable income (line 30 of Form 1120), positive amounts only. Losses should be entered as a $0.00. The total federal income tax from this workpaper should be the amount reported on Line 2 of this schedule.

**LINE 1.** Enter the financial institution’s separate federal taxable income/tax from lines 30 or 31 of the proforma 1120.

**LINE 2.** Enter the group’s total positive federal taxable income – See Rule 810-3-35-.01(1)(b).3.

**LINE 3.** Divide the financial institution’s separate federal taxable income as shown on line 1 by the group’s total positive federal taxable income as shown on line 2. Enter the result.

**LINE 4.** Enter the consolidated federal income tax (liability/payments).

Taxpayers should enter the amount of the corporation’s federal income tax accrued for the period.

**LINE 5.** Multiply the percentage from line 3 by the consolidated federal income tax paid as shown on line 4. Enter the result.

**LINE 6.** Enter the taxpayer’s federal income tax (or share of the consolidated federal income tax, if included in a consolidated return, as computed on lines 1-5 above) - § 40-16-1.2. accrued for the period.

**Accrual-basis taxpayers** should enter the amount of the corporation’s federal income tax. The federal liability should correspond with Federal Form 1120, Schedule J.

**Cash-basis taxpayers** should enter the actual tax payment forwarded to the Internal Revenue Service during the tax period.

**LINE 7.** Enter the amount of Alabama income from page 1, line 10.

**LINE 8a.** Enter the amount of total net income adjusted to Alabama basis from page 1, line 4.

**LINE 8b.** Enter the amount of income excluded from Alabama Taxable Income (include any amounts listed on Schedule A lines 12, 14, 15, 16, 17, and 22).

**LINE 8c.** Enter the sum of lines 8a and 8b.

**LINE 9.** If the amounts on line 7 and line 8c are greater than zero, divide the amount on line 7 by the amount on line 8c. If the amounts on line 7 and/or line 8c are zero or less than zero, enter zero. This is the federal income tax ratio. If the percentage calculated on line 9 exceeds 100%, the percent should be recalculated as the percentage of allocable gross income as shown on Schedule C.

**LINE 10.** Multiply the amount of federal income tax attributed to this corporation as shown on line 6 by the federal income tax ratio as shown on line 9. Enter the result.

**LINE 11.** If a corporation takes a deduction for federal income tax on its Alabama return and in a later year all or a portion of the tax claimed as a deduction is refunded by the Internal Revenue Service, the taxpayer is required to recognize the refund on its Alabama return to the extent of the benefit received in the year of the deduction.

**Cash-basis taxpayers** recognize refunds in the year they are issued by the Internal Revenue Service. **Accrual-basis taxpayers** recognize refunds in the year in which the refund is accrued for financial accounting purposes. An accrual-basis taxpayer receiving a refund as a result of a NOL carryback would accrue the refund in the year of the carryback.

Note: For this tax period, the taxpayer should report refunds of FIT deduction claimed in prior periods which were reported on cash basis. Future periods may be different depending on cash or accrual method.

Multistate taxpayers filing separate federal returns (not requiring allocation of
the refund among members of a consolidation) should apportion the refund to Alabama using the following steps:

(1) If the total refund received or accrued results from a carryback to more than one previous year, identify each of the years to which the carryback is applied and designate the amount attributable to each year.

(2) Multiply the amount of refund attributable to each year by the same percentage used to apportion income to Alabama on that year’s return as last reported or audited.

(3) Add the refund obtained in Step 2 for all years.

(4) Enter the total on line 11.

A multistate taxpayer filing a federal return as a member of a consolidated group must apportion any refund received to each member of the group at the same ratio that the tax deduction being refunded was originally apportioned. See Rule 810-3-35-01(1)(b)4.

After the amount of refund attributable to the separate company financial institution has been determined, the four (4) steps provided above for financial institutions filing separate federal returns may be followed in determining the amount of federal income tax refund to be entered on line 11.

LINE 12. Subtract line 11 from line 10. If line 10 is larger than line 11, enter the net federal income tax deduction on line 12 and carry to page 1, line 11.

If line 11 is larger than line 10, enter the net federal income tax refund on line 12 and carry to line 11 of page 1.
