SECTION C Current Credit Summary

Enter the tax liability from page 1, Section A of this form into Column 4 of the first row. In Column 2 and 3, enter applicable Credits if any from Section B of form. Repeat the steps that follow for each row. Subtract the Current Credit Allowable from the Tax Due to be Offset. If the Current Credit Allowable is greater than the Tax Due to be Offset, enter the amount from Column 4 in Column 5. If the Tax Due to be Offset is greater than Column 3, enter the Current Credit Allowable (Column 3) in Column 5 and enter the difference of Column 4 and Column 5 in Column 6 and proceed to the next available credit. For the remaining rows, use the preceding Balance of Tax Due from Column 6 as the Tax Due to be Offset in Column 4.

For the credit carryforward (Column 7) for Parts L, O and R, subtract any Current Credit Applied (Column 5) from the Current Credit Available (Column 2). For all other credit carryforwards, Column 7 equals the difference between Column 3 and Column 5.

SECTION D Credit Carryforward Prior Years

In Column C list any prior year credit carryforwards for application. In Column E enter the Balance of Tax Due from Section C, Column 6. If no Credits were taken in Section C, enter the tax liability from Section A of this form into the first row of Column E. Repeat the steps that follow for each carryforward: Subtract Column E from Column D. If the Column E is less than or equal to Column D, enter Column E in Column F and compute Column G (Column C – Column F). If the Column E is greater than Column D, enter Column D in Column F. For the remaining rows, use the preceding Column E minus Column F as the Balance of Tax Due in Column E. (See instructions for more details)

*For the Alabama Accountability Tax Credit – Scholarship Granting Organization (SGO) portion, Career - Technical Dual Enrollment Credit and Growing Alabama Credit carryforward computation, the Allowable Carryforward Credit in Column D is limited to the Maximum Credit Carryforward Available This Year in Column 4 of Section B, Part L, Line L10, Section B, Part O, Line O9 and Section B, Part R, Line R7. All others Column D equals Column C.

INSTRUCTIONS

This schedule is used to calculate the recipient's tax liability generated from the qualifying project. Schedule KRCC-I and a copy of Form K-RCC (as received from the distributing entity) for each project must be attached to the income tax return. If recipient is using the allocation method to determine the Alabama tax liability generated by project income, complete Part IV. If using the with/without method, see instructions below.

Step 1 – If the with/without method is chosen, you must complete two federal income tax returns through the tax liability line. The return to be filed with the Internal Revenue Service should include the income from the project operations. A second return must be completed through the tax liability line but should not include the project income in Alabama. Any deductions limited by the amount of adjusted gross income must also be adjusted in the second return before computing the tax liability. The federal income tax deduction related to the project income in Alabama is the difference in the amount shown on the return to be filed and the second return.

Step 2 – Once you have completed the federal returns, you must complete two Alabama income tax returns through the tax liability line. The return to be filed with the Alabama Department of Revenue should include the income from the project operations. A second return must be completed through the tax liability line but should not include the project income in Alabama. Any deductions limited by the amount of adjusted gross income must also be adjusted in the second return before computing the tax liability. The applicable federal income tax deduction should be indicated from the federal returns completed in Step 1. The Alabama tax liability generated by the project income in Alabama is the difference in the amount shown on the return to be filed and the second return. The second returns should be maintained for audit purposes and are not to be filed with the first return.

GENERAL INSTRUCTIONS

PURPOSE OF FORM

Interest expense paid by an individual, estate, or a trust on a loan that is allocable to property held for investment (defined below), may not be fully deductible in the current year. Form 4952A is used to figure the amount of investment interest expense deductible for the current year and the amount, if any, to carry forward to future years.

For more details, refer to Federal Publication 550, Investment Income and Expenses.

CAUTION: The investment interest deduction for Alabama is computed as if the federal passive income limitation did not exist. Net capital gain from the disposition of investment property is included in investment income for Alabama purposes.

WHO MUST FILE

If you are an individual, estate, or a trust, and you claim a deduction for investment interest expense, you must complete and attach Form 4952A to your tax return unless all of the following apply:

- Your only investment income was from interest or dividends
- You have no other deductible expenses connected with the production of interest or dividends
- Your investment interest expense is not more than your investment income
- You have no carryovers of investment interest expense from 2020.

ALLOCATION OF INTEREST EXPENSE UNDER TEMPORARY FEDERAL REGULATIONS SECTION 1.163-8T

If you paid or accrued interest on a loan and you used the proceeds of the loan for more than one purpose, you may have to allocate the interest paid. This is necessary because of the different rules that apply to investment interest, personal interest, trade or business interest, and home mortgage interest. See Federal Publication 550, Investment Income and Expenses.

SPECIFIC INSTRUCTIONS

LINE 1 – INVESTMENT INTEREST EXPENSE

Enter the investment interest paid or accrued during the tax year, regardless of when the indebtedness was incurred. Include interest paid or accrued on a loan (or part of a loan) that is allocable to property held for investment.

Be sure to include investment interest expense reported to you on Schedule K-1 from a partnership or an S corporation. Include amortization of bond premium on taxable bonds purchased after October 22, 1986, but before January 1, 1988, unless you elected to offset amortizable bond premium against the interest payments on the bond. A taxable bond is a bond on which the interest is includible in gross income.

Investment interest expense does not include the following:

- Home mortgage interest,
- Any interest expense that is capitalized, such as construction interest subject to Federal Section 263A.

LINE 4 – NET INVESTMENT INCOME

Net investment income is the excess, if any, of investment income over investment expenses. Include investment income and expenses reported to you on Schedule K-1 from a partnership or an S corporation. Also, include net investment income from an estate or a trust.

INVESTMENT INCOME

Investment income includes income (not derived in the ordinary course of a trade or business) from interest, dividends (reduced by qualified dividends per federal instructions), annuities, royalties, and net gain from the disposition of property held for investment (including capital gain distributions from mutual funds).

PROPERTY HELD FOR INVESTMENT

Property held for investment includes property that produces investment income. Property held for investment also includes an interest in an activity of conducting a trade or business in which you did not materially participate.

INVESTMENT EXPENSES

Investment expenses are your allowed deductions, other than interest expense, directly connected with the production of investment income. For example, depreciation or depletion allowed on assets that produce investment income is an investment expense.

If you have investment expenses that are included as a miscellaneous itemized deduction on line 21 of Schedule A (Form 40), or line 26 of Schedule A (Form 40NR), you may not have to use all of the amount for purposes of line 4 of Form 4952A. The 2% adjusted gross income limitation on Schedule A may reduce the amount.

To figure the amount to use, compare the amount of the investment expenses included on line 21 of Schedule A (Form 40) with the total miscellaneous expenses on line 24 of Schedule A. If you filed Schedule A (Form 40NR), compare the amount on line 26 with the amount on line 29. The smaller of the investment expenses included on line 21 (or line 26) or the total of line 24 (or line 29) is the amount to use to figure the investment expenses from Schedule A for line 4.

Example: Assume line 21 of Schedule A (Form 40) includes investment expenses of \$3,000, and line 24 is \$1,300 after the 2% adjusted gross income limitation. Investment expenses of \$1,300 are used to figure the amount of investment expense for line 4. If investment expenses of \$800 were included on line 21 and line 24 was \$1,300, investment expenses of \$800 would be used.

If you have investment expenses reported on a form or schedule other than Schedule A, include those expenses when figuring investment expenses for line 4.

LINE 6 – INVESTMENT INTEREST EXPENSE DEDUCTION

This is the amount you may deduct as investment interest expense.

INDIVIDUALS

Enter the amount from line 6 on line 13 of Schedule A (Form 40 or 40NR), even if all or part of it is attributable to a partnership or an S corporation. However, if any portion of this amount is attributable to royalties, enter that portion of the interest expense on Schedule E (Form 40 or 40NR).

ESTATES AND TRUSTS

Enter on Form 41, Page 3, Schedule C, Column C, Line 10.
